This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
– Reorient or relocate the receiving antenna.
– Increase the separation between the equipment and receiver.
– Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
– Consult the dealer or an experienced radio/TV technician for help.
MONORAIL
The Walt Disney World® Resort monorail system is the most heavily traveled passenger monorail system in the world. Carrying up to 200,000 passengers daily over 14.7 lane miles (23.7 KM) of guideway, the line-haul monorail system links together the largest activity centers of the Walt Disney World Resort. Able to operate at speeds up to 45 MPH, each six-car monorail train has a length of 203 FT., 6 IN. and an overall height of 10 FT., 5 1/2 IN. The monorail system incorporates the results of 30 years of research, development and operation of monorail passenger service.
Batteries not included.
2 AA (1.5V) and 2 AAA (1.5V) batteries required.
Do not mix old and new batteries. Do not mix alkaline, standard (carbon-zinc), or rechargeable (nickel-cadmium) batteries.
Remove batteries when not in use or discharged.
This device complies with part 15 of the FCC Rules Operation is subject to the following two conditions:
1. This device may not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation.
Caution: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
CAUTION: Choking hazard. May contain small parts. Not for children under 3 years of age.
