## IMPORTANT SAFETY INSTRUCTIONS

Read all instructions.

- Do not touch hot surfaces. Use handles or knobs.
- To protect against electrical shock, do not immerse cord, plugs, or appliance in water or other liquids.
- Close supervision is necessary when any appliance is used by children or near children.
- Unplug from outlet when not in use, before putting on or taking off parts, and before cleaning the appliance.
- Do not operate any appliance with a damaged cord or after the appliance has malfunctioned or been damaged in any manner.
- Use of accessory attachments not recommended by the appliance manufacturer may cause injuries.
- Do not use outdoors.
- Do not let cord hang over edge of table or counter, or come into contact with hot surfaces, including stove.
- To reduce the risk of injury to persons or damage to the appliance, do not place any parts in oven until appliance is in place.
- Extreme caution must be exercised when moving appliance containing hot oil or other hot liquids.
- Clean only as recommended in this manual. Improper cleaning may cause fire or electric shock.
- Do not use for anything other than intended use.
- Extra care must be taken when cooking products containing oil. Oil may overheat and cause fire or burn people.
- DO NOT TOUCH HOT SURFACE.
- Do not place the appliance on or near a gas or electric burner, or in a heated oven.
- Extreme caution must be exercised when using hot oil or other hot liquids in the appliance. Improper handling may cause fire or burn people.
- Do not place the appliance on or near combustible materials (curtains, walls, paper, cloth, furniture, wallpaper, etc.) to avoid damage, discoloration, or deformation.
- Do not use the appliance when the inner basket is not in place.
- Do not place any metal foil in the appliance. Improper handling may cause fire or electric shock.
- Do not place any of the following materials in the appliance: paper, cardboard, plastic, etc.
- Do not place fragile items such as cake mix, meat with stuffing, or loose leaf lettuce in the appliance.
- Do not place any food or other items in the appliance when it is not in use.
- Do not cover any part of the appliance with metal foil. This will cause the appliance to overheat.
- Do not place anything on top of the appliance.
- Do not place anything other than the air fryer accessories in the air fryer.
- Do not place the air fryer accessories in the dishwasher.
- Do not place the air fryer in a microwave oven.
- Do not place the air fryer on a stove top.
- Do not place the air fryer in a conventional oven.
