Compliance Information

FCC Statement
This device complies with Part 15 of the FCC Rules.

Caution: Any changes or modifications not expressly approved could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Radiation Exposure Information
The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

WARNING Li-ion Battery Inside
This product is fitted with a Li-ion battery. Do not damage, open, or dismantle the battery and do not use it in damp and/or corrosive conditions. Use only with compatible chargers. Never dispose of batteries in a fire, and never expose them to high temperatures. Do not expose the product to temperatures exceeding 60°C (140°F).

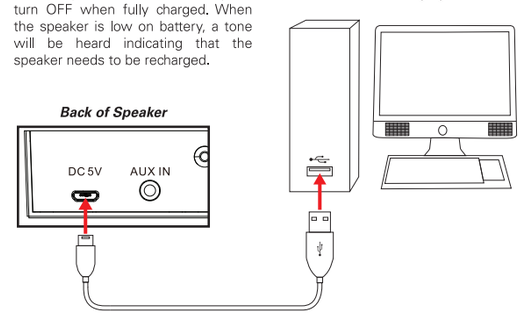
Getting Started

Charging the Speaker
Insert the small connector of the included USB charging cable into the charging port on the back of the speaker. Insert the large connector into a USB power port or into a **5V USB adapter** *(not included)* and plug into an electrical outlet.

The AUX port on the back of the speaker will ***turn RED*** while charging and turn OFF when fully charged. When the speaker is low on battery, a tone will be heard indicating that the speaker needs to be recharged.



Powering ON/OFF
- Press and hold the **[Power]** button on the front of the speaker to power the speaker & LED lights ON and OFF.
- When powered on, the speaker may automatically re-pair to a previously-paired Bluetooth device in range.

Adjusting Volume & Playback
In both Bluetooth mode and AUX mode, all volume and playback will be adjusted by the controls on your connected device.

Bluetooth Pairing
1. Power the speaker ON. A tone will be heard and the speaker will enter Bluetooth pairing mode.
2. Set your mobile device to search for Bluetooth devices. When it appears, select **AR3095** from the list of found devices.
3. After a successful pairing, a tone will be heard you will be able to play audio on the speaker.

Using the AUX Port
Plug one connector of a 3.5 mm auxiliary cable *(not included)* into the AUX port on the back of the speaker. Plug the other connector into the headphone jack or audio output port of your music-playing device.

The speaker should automatically switch to AUX mode, and you will be able to play music from your connected device.
