④ Tryck på knapp (5) för att svara och avsluta telefonsamtal.

Bluetooth parning:
Sätt på högtalaren. Högtalaren kommer att gå i Bluetooth läge, och är redo att paras med annan enhet. Starta Bluetooth funktionen på din smartphone och sök efter en Bluetooth enhet med namnet " SP3509". Anslut enheten och sedan kan du njuta av att spela upp musik från din smartphone genom högtalaren.

Ladda upp högtalaren:
1. Innan högtalaren används första gången, ska den laddas upp i 1 timme.
2. Koppla in micro-USB kontakten i din Bluetooth högtalaren, och anslut den andra kontakten på laddningskabeln in i en dator eller en DC 5V USB strömadapter. LED lampan kommer att lysa rött när högtalaren laddas upp. LED lampan slocknar när högtalarens batteri är fullt uppladdat.

FCC STATEMENT :
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2) This device must accept any interference received, including interference that may cause undesired operation.
Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the
following measures:
Reorient or relocate the receiving antenna.
Increase the separation between the equipment and receiver.
Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
Consult the dealer or an experienced radio/TV technician for help.
RF warning statement:
The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
