LOC8 PASSPORT WALLET
SETUP WITH APPLE'S FIND MY APP

1. Update to the latest version of iOS.
Activate Bluetooth on your iPhone.

2. Press your Loc8 Wallet button once. You
will hear a beep sound, indicating your
device is ready for pairing.

3. Open the Apple Find My app.

4. Tap "+"; select "Add Other Item"; search
for Loc8 Passport Wallet.

LOCATE AN ITEM

1. In "Find My" app, tap "Items," and locate
your Loc8 Wallet on the map.

2. Check the last known time and place of
the Wallet's location.

3. Select an item from the list at the
bottom to inspect closely.

4. To find a nearby item, tap "Play Sound"
and listen for a chime.

5. For distant items, click "Directions" to
open Maps and navigate to the last
known location.

USE LOST MODE

1. Enable Lost Mode if you can't find your
item. When your Loc8 Wallet is nearby,
you will receive notifications from your
Find My app.

2. Tap "Continue".

3. Follow the on-screen steps to finish
setting up Lost Mode.

LONG BATTERY LIFE

The product box includes a non-replaceable
and non-rechargeable lithium battery. Enjoy
over 24 months' battery life.

"When the battery level is low, you will receive an urgent
beep sound from the Loc8 Wallet. The Find My app will
send a notification to your phone to remind you that the
product's battery is low. You can also check the battery
level of the Loc8 Wallet in the "Find My" app.

YOUR PHONE STAND

The vegan-leather Loc8 wallet also doubles as a phone
stand. Adjust your phone screen angle up to 160 degrees
for versatile viewing or scrolling experiences.

WARNINGS

Avoid exposing it to extreme conditions that may affect its
functionality.

Keep Loc8 wallet away from all heat and fire sources,
including heating equipment, heaters, ovens, open flames,
and direct sunlight.

Do not attempt to repair or disassemble the Loc8 wallet
equipment by yourself. Any unauthorized modification may
result in damage or malfunction.

Avoid using or storing Loc8 wallet in environments with
high humidity or temperatures exceeding 60°C (140°C) to
prevent potential failures.

Responsibly dispose of Loc8 wallet products following the
local government's regulations on waste disposal to
minimize environmental impact.

To use the Apple Find My app to locate this item, the latest
version of iOS, iPadOS, or macOS is recommended. The
Find Items app on Apple Watch requires the latest version
of watchOS.

Use of the Works with Apple badge means that a product
has been designed to work specifically with the technology
identified in the badge and has been certified by the
product manufacturer to meet Apple Find My network
product specifications and requirements.
Apple is not responsible for the operation of this device or
use of this product or its compliance with safety and
regulatory standards.

FCC Warning Statement: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Radiation Exposure Statement

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
