

RAZER™ EDGE WIFI

Model : RZ45-0461

Rated : 5.0V; 3.0A

3.3V-11.0V; 3.0A

United States

FCC ID: RWO-RZ450461

WARNING: Cancer and Reproductive Harm
www.p65warnings.ca.gov

This product complies with
Appliance Efficiency Program:

This equipment is for home use, and has acquired electromagnetic conformity registration, so it can be used not only in residential areas, but also other areas.

Li-ion

Manufacturer: **RAZER INC.**
9 Pasteur, Suite 100, Irvine, CA 92618, USA
MADE IN CHINA

FCC Part 15 Information and Notices

The FCC approved model meets the following requirements. This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Note : This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help. Pursuant to Part 15.21 of the FCC Rules, you are cautioned that changes or modifications not expressly approved by manufacturer could void your authority to operate the device.

For body operation, this device has been tested and meets FCC RF exposure guidelines when used with any accessory that contains no metal and which provides a minimum separation distance of 5mm between this device and the body of the user. Use of other accessories may not ensure compliance with FCC RF exposure guidelines.

Changes or modifications not expressly approved by the manufacturer could void the user's authority, which is granted by the Federal Communications Commission, to operate this computer.

Important safety instructions

- a) Do not disassemble or open crush, bend or deform, puncture or shred.
- b) Do not modify or remanufacture, attempt to insert foreign objects into the battery, immerse or expose to water or other liquids, expose to fire, explosion or other hazard.
- c) Only use the battery for the system for which it is specified.
- d) Only use the battery with a charging system that has been qualified with the system per CTIA Certification Requirements for Battery System Compliance to IEEE 1725. Use of an unqualified battery or charger may present a risk of fire, explosion, leakage, or other hazard.
- e) Do not short circuit a battery or allow metallic conductive objects to contact battery terminals.
- f) Replace the battery only with another battery that has been qualified with the system per this standard, IEEE-Std-1725. Use of an unqualified battery may present a risk of fire, explosion, leakage or other hazard.
- g) Only authorized service providers shall replace battery. (If the battery is non-user replaceable).
- h) Promptly dispose of used batteries in accordance with local regulations.
- i) Battery usage by children should be supervised.
- j) Avoid dropping the device or battery. If the device or battery is dropped, especially on a hard surface, and the user suspects damage, take it to a service center for inspection.
- k) Improper battery use may result in a fire, explosion or other hazard.
- l) The device shall only be connected to CTIA certified adapters, products that bear the USB-IF logo or products that have completed the USB-IF compliance program.
