## No cords. No wires. No worries.

Arlo® Security Light is a 100% wire-free, weather-resistant, super-bright LED light. Easily customize your light settings from anywhere and get instant alerts when motion is detected. Automate your smart light to work intelligently by itself or with your Arlo security camera systems to cover even more angles.

### Features

**100% Wire-Free**  
Free of power cords & wiring hassles. Place it anywhere

**Weather-Resistant**  
IP65-certified to work indoors or outdoors in the rain, sun, or chill

**Rechargeable Battery**  
Convenient & long-lasting to take the expense out of security lighting

**Smart Controls**  
Use the Arlo app to manage & automate your light from anywhere

**Motion Detection Alerts**  
Get instant notifications sent to your smartphone or email

**400 Lumens**  
Super bright LEDs brighten up outdoor areas

**Fully Customizable**  
Make it flash on or off, change colors, adjust beam width & more

**Scheduling**  
Automate your light for when you are at home, work, or on vacation

**Works with Arlo Camera System**  
Set your Arlo cameras to record when the light detects motion

**Multi-Colored LED Light**  
Select from millions of colors for security or ambience lighting

**IFTTT® Integration**  
Create custom automations with other Smart Home devices

**Works with Amazon Alexa®**  
Use simple voice commands to turn your light on or off
