

Solder Board-Component View 9	 A photograph of a small, circular green printed circuit board (PCB) component, identified as View 9. The component is positioned on a blue textured surface. To its left is a vertical ruler with markings from 1 to 8 mm. Below the component is a horizontal ruler with markings from 1 to 8 mm. The component features a central circular cutout and a small rectangular gold-colored pad extending from its left side. Various electronic components, including resistors and capacitors, are visible on the surface of the PCB.
Solder Board-Component View 10	 A photograph of the same green PCB component, identified as View 10. It is placed on the same blue textured surface. The vertical ruler on the left and the horizontal ruler below are present. In this view, the component is oriented such that its gold-colored pad is on the right side. The text "REV:1.0" and "DC1133S" is visible on the green PCB surface.
