Questions? www.cavalieraudio.com 1-800-925-6224

1

## SETUP OVERVIEW

- 1 Plug included AC adaptor into the DC jack on back of unit. Connect other end of cable into a working wall outlet.

- 2 Download the Cavalier Audio app from the App Store or Google Play.
- 3 Download the Amazon Alexa app from the App Store or Google Play.
- 4 Follow Cavalier Audio in-app instructions for account setup and to establish your speaker's Wi-Fi connection.
- 5 Connect your Amazon account to enjoy the Alexa voice capability of your CAV5.

Use the Cavalier Audio app to:

- CONNECT TO Wi-Fi
- SETUP ALEXA
- CUSTOMIZE CONTROLS
- AND MORE!

Use the Amazon Alexa app to:

- MANAGE AMAZON ACCOUNT
- LINK STREAMING SERVICES
- ACTIVATE ALEXA SKILLS
- AND MORE!

2

## USING THE AMAZON ALEXA APP WITH THE AIR

- 1 Open the Amazon Alexa app on your device to activate, access, and manage Amazon Voice Services
- 2 Link Wi-Fi streaming music services (such as Pandora, TuneIn, iHeartRadio, Spotify, and Amazon Music)
- 3 Enable your favorite Alexa Voice Skills
- 4 Setup compatible Smart Home devices

## USING SPOTIFY CONNECT WITH THE AIR

- 1 Connect your Air to your Wi-Fi network
- 2 Open up the Spotify app on your phone, tablet or laptop using the same Wi-Fi network
- 3 Play a song and select Devices Available
- 4 Select your Air and start listening

The Spotify Software is subject to third party licenses found here: www.spotify.com/connect/third-party-licenses

3

- Press Display again to confirm.
- Press + or - to select AM or PM.
- Press Display again to confirm settings.

**Wi-Fi**

- Press for Wi-Fi mode.
- Press and hold for 5 seconds for Wi-Fi setup mode.
- Press and hold for 15 seconds to clear/reset Wi-Fi and Alexa.

5

## WIRELESS CHARGING

### Qi Compatible Phones:

This unit will wirelessly charge Qi compatible wireless charging phones. PMA wireless charging system is not supported.

### Qi Compatible Phone Cases:

**WARNING:** Remove metal protective or magnetic case from phone before charging. When charging phone, do not place magnetic-striped or other metal objects on the charger. Doing so could damage the object or this unit.

Qi compatible phones with metallic looking finishes will charge normally.

6

## WIRELESS CHARGING

### How to Charge Your Phone:

Center Qi compatible device face up on marked charging target circle. The LED status indicators will glow orange while your device charges, and green when your device is fully charged.

### Playing Music During Qi Charging:

The volume level will be limited during Qi charging. If you prefer to listen to music at a high volume level while charging your device, we recommend using the built-in USB port on the back of the unit.

**Note:** The charging phone may shift position while music is playing. Please use caution. The wireless charging process generates heat that may cause phones and chargers to get warm to the touch. This is natural for wireless charging devices.

7

## ALEXA VOICE-ACTIVATED ALARMS

In addition to the AIR alarm function on the CAV5, you can also set alarms using Alexa voice commands.

### Alexa Tone Alarms

- Ask Alexa to set your alarm time. You will wake to custom Alexa tones that can be customized using the Alexa app.
- When the alarm sounds:
  - Press the alarm button or say, 'Alexa, stop' to disable.
  - Hit the Snooze button on the CAV5, or say 'Alexa, snooze' to activate Snooze.

### Alexa Music/Streaming Alarms

- Ask Alexa to set your alarm time to wake to Spotify, iHeart Radio, etc.
- When the alarm sounds:
  - Press the Smart Button or say, 'Alexa, stop' to disable.
  - Say 'Alexa, snooze' to activate Snooze.

8

## STATUS LEDS

White indicators display volume level  
• Red = mic muted  
When mic is muted, the center LED will display status.

### Bluetooth/Wi-Fi Indicator

- ★ Flashing blue = pairing
- ★ Solid blue = paired
- ★ Flashing orange = Wi-Fi setup/No Connection
- ★ LED OFF = Wi-Fi connected

### Qi Charging

- ★ Solid orange = charging
- ★ Solid green = device is fully charged
- ★ Flashing red = charging error

9

## FCC Information

### FCC Radiation Exposure Statement

The device has been evaluated to meet general RF exposure requirement.

This device complies with Part 15 of the FCC Rules, operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

- **WARNING:** Changes or modifications to this user not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
- **NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
  - Reorient or relocate the receiving antenna.
  - Increase the separation between the equipment and receiver.
  - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
  - Consult the dealer or an experienced radio/TV technician for help.

This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

CAN ICES-3 (B)/NMB-3(B)

Model: CAV5

FCC ID:EMOCAV5

IC:986B-CAV5

## Canada Statement

This device complies with Industry Canada's licence-exempt RSSs. Operation is subject to the following two conditions:

- (1) This device may not cause interference; and
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

- (1) l'appareil ne doit pas produire de brouillage;
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

The device has been evaluated to meet general RF exposure requirement.

le dispositif a été évalué à satisfaire l'exigence générale de l'exposition aux rf.

Cet équipement doit être installé et utilisé avec une distance minimale de 20 cm entre le radiateur et votre corps.

## Internal Rechargeable Lithium-ion Battery

This unit features an internal, non-replaceable backup battery for the alarm. If you experience a temporary power outage, the backup battery will maintain your time and alarm settings until AC power is restored.

### WARNING/DISPOSAL OF UNIT

Do NOT attempt to change the battery. Doing so will void the warranty and could cause injury and damage to your device.

To dispose of the unit, follow the instructions below:

- Never dispose of used batteries/electronics with ordinary solid wastes, since they may contain toxic substances.
- Always dispose of used batteries/electronics in accordance with the prevailing community regulations.
- Many electronics retailers now recycle batteries and other electronic components at no charge.

### GENERAL BATTERY PRECAUTIONS

- Never use or charge a battery if it appears to be leaking, discolored, deformed, or in any way abnormal.
- Never disassemble the unit or attempt to remove battery as that could cause leakage of alkaline solution or other electrolytic substances.
- Avoid charging a rechargeable battery when the temperature is not within 5°C - 35°C (41° - 95° Fahrenheit).
- Never expose a battery to any liquid.
- Never expose a battery to excessive heat such as direct sunlight or fire. Never use a battery pack in an unventilated vehicle where excessive internal temperatures may be encountered.
- Always keep batteries out of the reach of infants and small children.

12

## IMPORTANT SAFETY INSTRUCTIONS

Please heed all warning, read and follow all instructions and keep these instructions handy for future reference.

- Do not use this product near water and clean only with dry cloth."
- Do not block any ventilation openings. Install in accordance with the manufacturer's instructions."
- Heat – This product should be situated away from heat sources such as radiators, heat registers, stoves or other appliances (including amplifiers) that produce heat."

- Only use attachments/accessories specified by the manufacturer."
- Unplug this product during lightning storms or when unused for long periods of time."
- Damage Requiring Service – This product should be serviced by qualified service personnel when:
  - Plug has been damaged.
  - objects have fallen into or liquid has been spilled into the enclosure.
  - the unit has been exposed to rain.
  - the unit has been dropped or the enclosure damaged.
  - the unit exhibits a marked change in performance or does not operate normally"

- This product is suitable for use in tropical and/or moderate climates."
- WARNING: To reduce the risk of fire or electric shock, do not expose this product to rain or moisture"
- The mains plug of power adaptor is used as the disconnect device, it shall remain readily operable"
