

Solder Board-Component View 4	 A micrograph showing a small, green, rectangular PCB component with several solder joints. The component is positioned next to a black millimeter scale with white markings. The scale shows measurements from 0 to 90 mm. The component is located between the 10 mm and 20 mm marks. The background is a blue, textured surface.
Solder Board-Component View 5	 A micrograph showing a small, gold-colored, rectangular PCB component with several solder joints. The component is positioned next to a black millimeter scale with white markings. The scale shows measurements from 0 to 90 mm. The component is located between the 10 mm and 20 mm marks. The background is a blue, textured surface.

Solder Board-Component View 6	 A micrograph showing a small, rectangular green component with a solder mask. The component has two circular pads on its surface, one of which is labeled '100'. It is positioned on a blue textured surface. A millimeter ruler is visible in the background, with markings from 0 to 90 mm.
Solder Board-Component View 7	 A micrograph showing a small, rectangular gold-colored component with three small circular pads on its surface. It is positioned on a blue textured surface. A millimeter ruler is visible in the background, with markings from 0 to 90 mm.
