On standby	LED aus
While charging	Blau LED
When foreign material is detected	Green LED leuchtet
When other abnormality is detected	LED flasht blau und grün alternativ

* When an abnormality is detected:

Adjust the position of the smartphone.

* When foreign material (metal) is detected:

Check to see if there is any foreign material (metallic) and the wireless charging pad.

⚠ 18W Fast car charger is recommended. Please use the included car charger.

7

FCC Part 18 Compliance Statement:

This device complies with Part 18 of the FCC Rules.

CAUTION: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a wireless power transfer, pursuant to Part 18 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in accordance with its instructions. However, the user is cautioned that installation of this equipment and can radiate radio frequency energy and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. It is the responsibility of the user to correct any such interference if it is caused by one or more of the following measures:

• Increase or decrease the separation between the equipment and receiver.

• Connect the equipment to another circuit on a circuit different from that to which the receiver is connected.

• RF Exposure Compliance: This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

The shortest distance to a child's head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.

• The distance to the head, legs, knees, body, hands and arms of the driver and front passengers in the car.
