

Philips Industrial Activities is aware of the requirement to implement a foil shield located on the PCMCIA card slot door in order to meet the FCC portable device SAR requirements. Philips Industrial Activities provides this attestation that it will implement the foil shield as shown in the application for FCC ID:PT51-PRONTO on all units manufactured by them for import into the United States.

Gert Heysse \_\_\_\_\_  
Title: \_\_\_\_\_

Date: \_\_\_\_\_

Release Engineer/ Quality Assurance

24/10/2002

A handwritten signature in black ink, appearing to read 'Gert Heysse', written over a horizontal line.
