Columbia, MD 21046

Dear Examiner,
This is to request a Class II permissive change for FCC ID: VPYLBEE59B1LV (original grant date: Apr.16.2019).
Applicant: Murata Manufacturing Co., Ltd.

The product hardware will not be changed. The Bluetooth conducted power of the product will not be changed.
Only the Wi-Fi conducted power of the product will be reduced. This change is performed by software and does not require any hardware changes. Therefore, it will not affect DFS performance.
Software change is changed by the grantee and cannot be changed by third parties.

Sincerely,

By: K. Hayashikoshi /senior manager
