SETUP

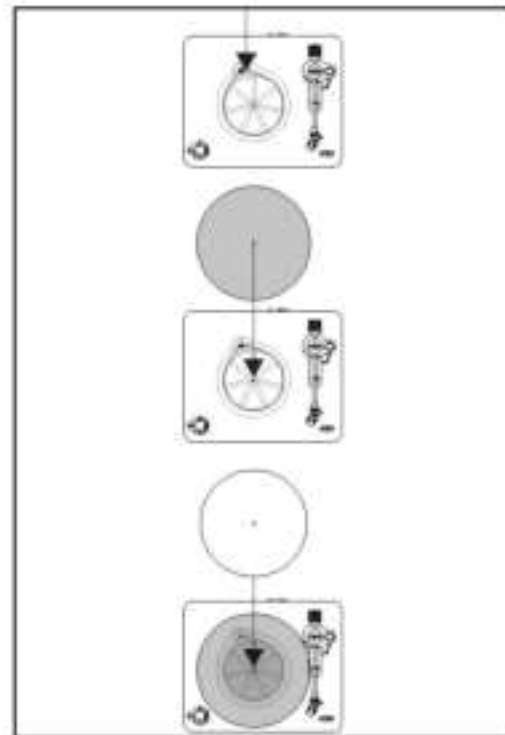

POWERING ON YOUR STIR IT UP LUX

- Your Stir It Up Lux uses an AC power supply and is powered by a standard wall outlet.
- Connect the power adaptor to the wall outlet.

ATTACHING THE DRIVE BELT

Note: The drive belt comes pre-installed. However, if when you open the turntable, there is no visible belt around the sub-platter and motor. Please re-fit the belt.

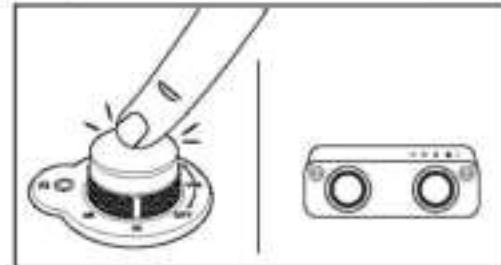

- To fit the belt, put the belt on the motor (this is the gold spindle), then keeping the belt tight stretch it around the sub-platter. Once in place make sure the belt is flat and not twisted.
- Now place the glass platter on the black sub-platter, by aligning the centre holes.
- Now place the slip mat on the glass platter, again aligning the centre holes. The platter should be attached to the base.

BLUETOOTH® PAIRING

- Power on the external Bluetooth® device first before turning on the BT function on the Turntable.
- Press the BT button on the turntable (MFB) to enable the unit to search the Bluetooth® device till BT indicator light becomes solid. This will indicate your devices are paired.

NOTE: If the turntable does not pair with your Bluetooth® device within 30 seconds, press the Bluetooth® search button again on the turntable and it should pair.

- Blue LED light flash
- Blue LED light stable

DISCONNECT BLUETOOTH® PAIRING

Long press and hold the BT button till the BT indicator light turns off. Turntable will then disconnect from external device.

- Blue LED light will turn to Red. This indicates Bluetooth is off, but turntable still has power.

PLAYING A RECORD

1. Put a vinyl record on the turntable.
 2. Assemble the balance weight and set it to a proper position.
 3. To adjust the balance weight rotate the balance weight at counter-clockwise.
 4. Lift and move the tone arm to turntable. Place the tone arm on the edge of the record.
 5. Turn the RPM Dial knob to select the speed according to the record you are playing.
 6. The turntable platter will auto stop when the music has ended. Lift the tone arm and place it to tone arm rest manually.
- To listen to side B, flip record and repeat the above steps.

- 33 RPM speed to play corresponding size 33 vinyl disc
- 45 RPM speed to play corresponding size 45 vinyl disc

To power the unit off Rotate the RPM Dial knob to the off position.

Note:

Remove the needle cover before you balance the tone arm. Hold tone arm whenever you make any adjustment or action so as to protect the tone arm. Do not try to adjust the balance weight while playing a record as this could break the needle and scratch the record. Re-secure the tone arm before transportation to protect the needle.

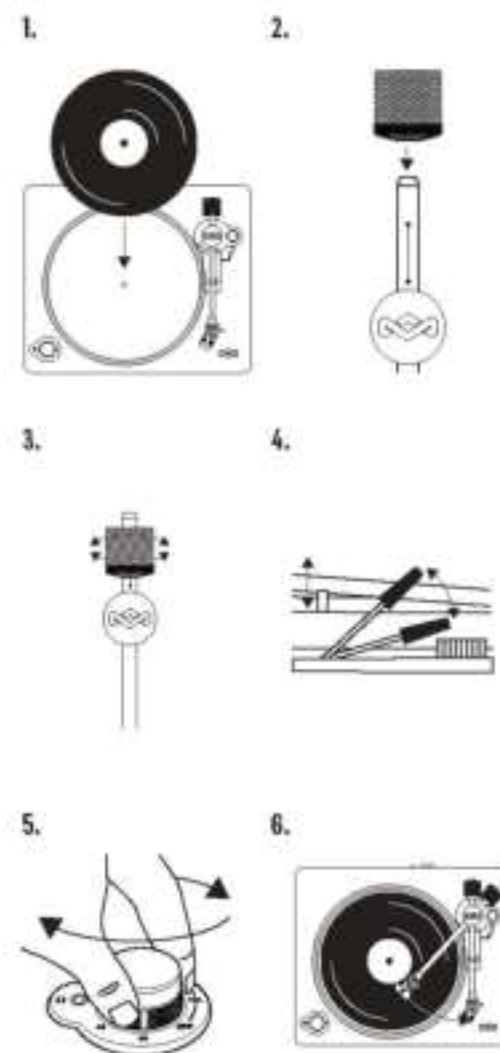

Remove the balance weight before transportation to prevent damage or breakage to the unit.

Do not stop or turn the platter manually. Moving or jarring the turntable without securing the Tone arm clamp could result in damage to the Tone arm.

ANTI-SKATING

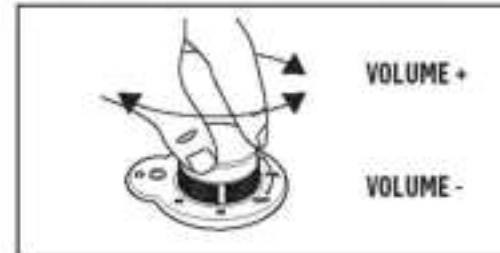

Normally the anti-skating should be set to its minimum setting. Anti-skate compensates for inward tracking forces that occur with certain pick-up when the stylus leaves the center of the record. If the turntable is experiencing excessive skipping while leaving the center spindle, try increase the anti-skating in the increments indicated on the dial. Start by adding an increment of 1, test its performance, then increase it more, and so on.

Note: During adjusting the anti-skating knob, leave the tone arm and balance weight alone to prevent damaging the stylus (needle).

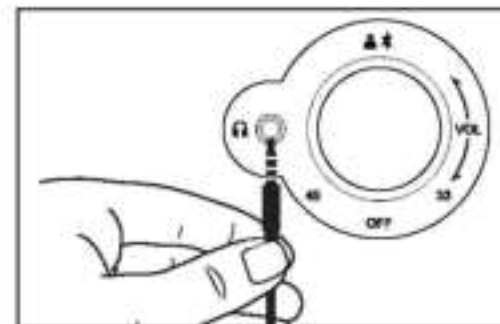

VOLUME CONTROL

Increase Volume: Rotate the Volume knob clockwise.
Decrease Volume: Rotate Volume knob counter clockwise.

HEADPHONE OPERATION VIA HEADPHONE JACK

Connect a set of headphone (not included) in the headphone jack.

Note: Never put on the headphones till you have plugged in the headphone plug.
LED will also be solid RED when headphones are plugged in.

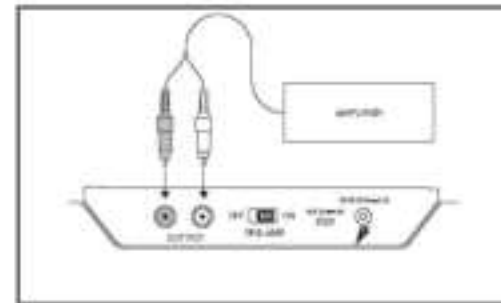

NON BLUETOOTH® CONNECTION SETUP

CAUTION: Switch off the power to all equipment before making connections. Read the instructions of each component you intend to use with this unit. Be sure to insert each plug securely. To prevent hum and noise, avoid bundling the signal interconnection cables together with the AC power cord.

LINE OUT OPERATION

1. Switch the PRE-AMP OFF/ON SWITCH to ON position.
2. Plug one end of the RCA cable (included) into the LINE OUT socket at the back of the unit. Be sure to match the color with the socket.
3. Plug the other end of the cable into the LINE IN socket of your home amplifier device.
4. Switch on the unit and the amplifier device you connected.
5. Adjust the volume on the amplifier device.

NOTICE UP/LIN

READ ALL INSTRUCTIONS BEFORE USE AND SAVE THESE INSTRUCTIONS FOR FUTURE REFERENCE.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into a circuit different from that to which the receiver is connected.
- Consult the dealer or an approved radio/TV technician for help.

This device complies with FCC radiation exposure limits set forth for an uncontrolled environment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC RF EXPOSURE STATEMENT:

This transmitter must not be allowed to operate in conjunction with any other antenna or transmitter.

CAUTION:

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. To maintain compliance with the FCC's RF exposure guidelines, please the product at least 20cm from nearby persons.

NOTE STATEMENT

This device complies with Innovation, Science, and Economic Development Canada Bureau's RSS (standards). Operation is subject to the following two conditions: (1) This device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

L'appareil approuvé est conforme aux CNR d'innovation, Science et Développement économique Canada applicables aux appareils radio utilisant la bande de fréquence. L'appareil est autorisé à fonctionner sous réserve des conditions suivantes : (1) l'appareil n'émettra pas de perturbations et (2) l'utilisateur de l'appareil doit accepter toute interférence radioélectrique subie, même si elle nécessite une action corrective de son propriétaire.

The device complies with RF exposure guidelines, users can obtain Canadian information on RF exposure and compliance.

Los utilizadores pueden ver la información sobre radiointerferencias en la conformidad y cumplimiento d'apropiadas informaciones correspondientes. Utilizadores para obtener información canadiense sobre la exposición a la conformidad de la.

This Class B digital apparatus complies with Canadian ICES-003.

17 Quick Start Guide

Cet appareil numérique de classe B est conforme à la norme NMB-003 du Canada.

NOTE OF EXPOSURE STATEMENT:

This device is compliant with RF exposure guidelines, users can obtain Canadian information on RF exposure and compliance.

LE PRESENT APPAREIL EST CONFORME

Après avoir vérifié sa conformité aux normes d'interférence de classe B des RF, les utilisateurs peuvent voir l'information sur radiointerférences et la conformité et compliance d'appropriées les informations correspondantes.

NOTE EXPLANATION

This marking indicates that this product should not be disposed with other household wastes. Throughout this EU, to prevent possible harm to the environment or human health from uncontrolled waste disposal, recycle it responsibly or promote the sustainable reuse of material resources.

Notably, FKA Brands Ltd. declares that this radio equipment is in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU. A copy of the Declaration of Conformity can be obtained from www.thehouseofmarley.co.uk/declaration-of-conformity
