Instructions

Product Introduction

(1) Do not attempt to disassemble or replace any part of the product except for the operation mode specified in the manual. What parts.

(2) Do not put the product into water or any other liquid. This product is not waterproof.

(3) If any liquid accidentally enters the product, please disconnect immediately.

(4) To avoid electric shock, make sure your hands are free from water when installing or uninstalling the product.

(5) Do not place this product near heat sources or directly expose it to fire sources.

(6) Do not place this product in an environment with strong electromagnetic force, otherwise it may cause product failure.

Operating Instructions

Basic parameters	
Product name	Bluetooth headset
Charging interface	Type-C
Rated impedance	32Ω
Rated capacity of single earphone battery	300mAh (single ear)
Rated capacity of charging box battery	1800mAh
Rated input	5V=30mA MAX
Wireless connection	Bluetooth
Bluetooth protocol	BT4.2
Working distance	10M (Barrier free and open environment)
Working temperature	5°C-40°C
Charging time of headphone box	About 1.5 hours (fast charging)
Charging time of headset	About 1.5 hours
Headphone usage time	About 12 hours
Overall endurance with the charging box	About 12 hours

*All technical information shall be subject to actual performance

Connect the charging box to the 5V power adapter with Type-C charging cable.

Rated input: 5V=30mA (Headset) 5V=100mA (charging box)
