RE: FCC ID: PPIRM-127_ATCB002806
Attention: Jukka Pekkala

I have a few comments on this Application. Please note that further comments may arise in response to answers provided to the questions below.

1. FYI - Please note that the FCC ID label cannot be held in temporary confidentiality. Please also note that the label information was provided in the external photos which have temporary confidentiality requested. The FCC ID label has been removed from the external photo exhibit and placed in the required FCC ID label folder. This label exhibit will not be nor can it have confidential status.
2. Please note that the SAR plot on page 23 (pdf page number) appears to show a 'hot spot' that is not in the measurement grid. This hot spot appears to be potentially higher than that measured in the grid area. Please explain and please provide evidence that this was considered and accounted for.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
