

## FCC Part 15: Class B Digital Device Statement

**FCC ID: WDQ-ZWZB500**

As the Module Integrator, you must provide the following information in the host device manual:

This device has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept interference received, including interference that may cause undesired operation.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one (1) or more of the following measures:

- » Reorient or relocate the receiving antenna.
- » Increase the separation between the equipment and receiver.
- » Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- » Consult the dealer or an experienced radio/TV technician for help.

**NOTE:** Any changes or modifications made to this device that are not approved by 2GIG may void the authority granted to the user by the FCC to operate this equipment.

## IMPORTANT

To satisfy FCC/IC RF exposure safety requirements, a separation distance of 10 mm or more should be maintained between this device and person's body (excluding extremities: hands, wrists, feet and ankles).

As the Module Integrator, you must provide the following information on the host device label:

- » Contains FCC ID: WDQ-ZWZB500

If space permits, include the following statement:

- » This device has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of FCC Rules.
- » Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept interference received, including interference that may cause undesired operation.

## Limited Warranty

This product is warranted against defects in material and workmanship for one (1) year. This warranty extends only to wholesale customers who buy directly from Nortek Security & Control LLC or through Nortek Security & Control's normal distribution channels. Nortek Security & Control LLC does not warrant this product to consumers. Consumers should inquire from their selling dealer as to the nature of the dealer's warranty, if any.

There are no obligations or liabilities on the part of Nortek Security & Control LLC for consequential damages arising out of or in connection with use or performance of this product or other indirect damages with respect to loss of property, revenue, or profit, or cost of removal, installation, or re-installation. All implied warranties for functionality are valid only until the warranty expires. This Nortek Security & Control LLC Warranty is in lieu of all other warranties, expressed or implied.

All products returned for warranty service require a Return Authorization Number (RA#). Contact Returns at 1-855-546-3351 for an RA# and other important details.
