Re: Dismissal of Grant

FCC ID: QRF-TRCPE5A
Confirmation #: TC945490

Please dismiss the above FCC equipment authorization grant.

The product associated with the above grant has been revised and superseded by a unit that includes all of the functionality of the above DTS unit and also operates as an NII device. This added functionality is achieved through revised firmware, no hardware changes are made. These functions and the associated test data has been documented and submitted. For marketing purposes, the FCC identifier of the revised product should be the same. Therefore we would like to dismiss the DTS equipment authorization QRF-TRCPE5A and authorize the composite DTS and NII device under the same identifier.

Thank you for your attention in this matter

A handwritten signature in black ink that reads "David J. Marles". The signature is fluid and cursive, with the first name "David" and last name "Marles" clearly legible.

David Marles
Tranzeo Wireless Technologies Inc.
