To whom it may concern:

We, Bytech NY Inc., hereby declare that we have a product named as BE Digital Display-ASST (Model: BY-AU-BE-167-AC; FCC ID: 2AHN6-AUBE167), was tested by Bay Area Compliance Labs Corp. (Shenzhen), which has left earbud and right earbud. We would like to declare that the product has two units which are electrically identical. One of the touching thimbles is on the left and the other on the right, because when placed inside the ear shell, one is placed upright and the other is placed backwards. This does not affect RF parameters.

We confirm that all information above is true, and we'll be responsible for all the consequences.

Sincerely Yours,
