

Guangzhou Shirui Electronics Co.,Ltd
Declaration of difference

Date: 2025-3-10

Product Name: Interactive Intelligent Panel

Model(s): CG65GB、CG75GB、CG86GB、CG65GA、CG75GA、CG86GA、CG98GA

IC : 22166-CGXXGA

FCC ID: 2AFG6-CGXXGA

The difference is the following:

The CG65GB is different from the CG65GA only in that the model, motherboard, horn and horn cable are different, and the rest are the same.

The CG75GB is different from the CG75GA only in that the model, motherboard, horn and horn cable are different, and the rest are the same.

The CG86GB is different from the CG86GA only in that the model, motherboard, horn and horn cable are different, and the rest are the same.

All models ' RF hardware and software, including modules, crystal oscillator, antenna, function exactly the same.
