

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

EUT Housing and Board View 1	 A photograph showing the internal components of the EUT housing and board. Two black plastic housings are visible, each containing a green printed circuit board (PCB) with various electronic components. Two small, rectangular metal components are also shown. The items are placed on a blue textured surface next to a black ruler with white markings in millimeters.
EUT Housing and Board View 2	 A photograph showing the internal components of the EUT housing and board from a different perspective. Two black plastic housings are visible, each containing a yellow printed circuit board (PCB) with various electronic components. Two small, rectangular metal components are also shown. The items are placed on a blue textured surface next to a black ruler with white markings in millimeters.

Solder Board-Component View 1	 A photograph showing two small electronic components, one green and one blue, placed on a blue textured surface. A black ruler with white markings is positioned vertically to the left of the components, showing measurements from 10 to 40 mm. The green component is labeled 'TH2 TH3XC-TWT-W31 V1.1' and '20210325'. The blue component is labeled 'TH2 TH3XC-TWT-W31 V1.1' and '20210325'.
Solder Board-Component View 2	 A photograph showing two small electronic components, one green and one blue, placed on a blue textured surface. A black ruler with white markings is positioned vertically to the left of the components, showing measurements from 10 to 40 mm. The green component is labeled 'TH2 TH3XC-TWT-W31 V1.1' and '20210325'. The blue component is labeled 'TH2 TH3XC-TWT-W31 V1.1' and '20210325'.

Solder Board-Component View 3	 A photograph showing two yellow rectangular components, likely batteries, with red and black wires attached. They are placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters (mm) and centimeters (cm). The components are labeled with text: "-5T 501012", "3.7V 0.15Wh", and "+2101016".
Antenna View	 A photograph of a green printed circuit board (PCB) with various electronic components. A red box labeled "BT Antenna" is positioned above the board, with a red line pointing to a specific component on the PCB. The PCB is placed on a blue textured surface.
