

The image shows the rear panel of the P270V910 monitor. On the left, there are four ports: a DVI-D port (labeled 4-R0.5), an HDMI port, a DisplayPort, and a USB port. The central area contains a label with the following information: Model No. (with a blank box), Serial No. (with a blank box), Server Name: (with a blank box), Input: 5VDC --- 2.5A, Polarity: ⊖ ⊕ ⊖ ⊕, Wireless Module Inside, FCC ID: P270V910, and the CE and FCC logos. Below the label, it says 'Made in Taiwan'. On the right side, there is a vertical label '26.5 mm' indicating the panel thickness. At the bottom, there is a large '44mm' label indicating the stand height.
