

SHENZHEN ELECTRON TECHNOLOGY CO.,LTD.

Attestation letter

Company name: SHENZHEN ELECTRON TECHNOLOGY CO.,LTD.

Product Name:Smart Home

FCC ID: 2ABC5-E0062

Model(s):SMT156, SMT97, SMT101

We [SHENZHEN ELECTRON TECHNOLOGY CO.,LTD.] hereby attest that this device complies with the following requirements of Part 15E of the FCC's rules for the 6GHz bands:

- a.) 1. Contention-Based Protocol, as demonstrated in the test report, is permanently embedded in the module and is not host-dependent.
2. That the device will only associate and connect with a low-power indoor access point or subordinate device and never directly connect to other client devices.
3. That this device will always initiate transmission under the control of a low-power indoor AP or subordinate except for brief transmissions before joining a network. These short messages will only occur if the client has detected an indoor AP or subordinate operating on a channel. These brief messages will have a time-out mechanism such that if it does not receive a response from an AP it will not continually repeat the request.
4. That transmission will be lower or equal to the power advertised by the indoor low power access point or subordinate and never above the maximum output power allowed by the FCC grant for equipment class 6XD.
- b.) The statement acknowledging device restrictions:
Prohibited for control of or communications with unmanned aircraft systems, including drones.
