

SILICONE TOP PAD

Thin layer of recycled silicone with debossed logo and embossed(raised) ring to assist in alignment.

Top layer will have a marble pattern created by mixing different shades of grey silicone before compressing in the mold. Each Silicone Top Pad woud have a different pattern due to the random blending of different colors.

Material:
Recycled Silicone

Color:
Mixture of black and grey shades

Elephant Recycle Logo:
20.0mm L x 17.17mm W
Debossed in “center” of top layer
Logo is shifted 1mm to the left to make it appear “visually centered”

Embossed Alignment Circle:
1.0mm Stoke thickness
Raised circle centered above wireless coils

PLASTIC BASE

Black plastic with LED charging indicator.

Thin layer of recycled silicone added for bottom of phone to rest when charging. Silicone will have a marble pattern created by mixing different shades of grey silicone before compressing in the mold.

Material:
Recycled PC+PET
