United States of America

Dear Dan,

Subject: **TCB Services on a 100W Digital Base Station Transceiver (757 - 870 MHz)**

As per Elite Quotation EEE1603830-1 please carry out FCC (C2PC) for the band extension from 762 – 870 MHz to 757 – 870 MHz. This is being done by introducing a new reciter option (TBCK8Y) to the existing TBCK4E base station product to cover the 700 MHz 757-758 MHz (TX) / 787-788 MHz (RX) frequency band (A-Block).

Please add Part 2 and 27 to the existing Grant for our Digital Base Station transceiver:

- FCC ID: CASTBCK4E

I will upload the files that are required by the FCC to you by email.

Yours sincerely

A handwritten signature in blue ink, appearing to be "M. Ludwig", with a long, sweeping underline.
