Board View 1****Solder
Board-Component
View 1**

Solder Board-Component View 2	 A photograph of a small green printed circuit board (PCB) component with various electronic components, including a central microcontroller and several surface-mount components. The component is placed on a blue textured surface. A black ruler with white markings is positioned vertically to the left of the component, showing measurements in millimeters. The ruler has markings from 0 to 100 mm.
Solder Board-Component View 3	 A photograph of a small, irregularly shaped solder component. The component is placed on a blue textured surface. A black ruler with white markings is positioned vertically to the left of the component, showing measurements in millimeters. The ruler has markings from 0 to 100 mm.

Solder Board-Component View 4	 A photograph showing a small, curved soldered component on a blue textured surface. A black L-shaped ruler with white markings in millimeters is placed next to the component for scale. The component is located approximately at the 10mm mark on the vertical ruler and the 30mm mark on the horizontal ruler.
Antenna View	 A photograph of a green printed circuit board (PCB) with various electronic components. A red rectangular box highlights a specific component on the right side of the board. A red line extends from this box down to a label 'BT Ant.' located in a white box at the bottom of the image. BT Ant.
