

A photograph of a disassembled mobile phone. The internal components, including the main board, battery, and camera module, are visible. The components are placed next to a ruler for scale. The ruler shows measurements in centimeters, with markings from 0 to 100. The components are arranged in a grid-like pattern, with the main board at the top, the battery in the middle, and the camera module at the bottom. The components are connected by various cables and connectors. The background is a light blue surface.
