To Whom It May Concern:

The NETGEAR MR1100-320 mobile hotspot is a variant of the MR1100 platform. For marketing purposes, the device will be identified in the North America region as the MR1100.

NETGEAR declares that any reference to the MR1100-320 within industry or regulatory compliance test reports accurately reflects the Model: MR1100.

Please do not hesitate to contact your local NETGEAR SPBU Systems Engineering representative for any additional information.

Respectfully,

A handwritten signature in black ink that reads "David Kay". The signature is stylized, with a large "D" and a long horizontal stroke at the end.

**David Kay**
