Re: Application for Cellular Transceiver Certification IHET5CR1

To whom it may concern:

When submitting the online Form 731, one of the Schematic Exhibits (Schematic Exhibit Part 2) was not marked as confidential. The exhibit was re-sent a second time appropriately marked confidential. Would you please assure that all Schematic Exhibits are marked as confidential in reference to the Cover Letter exhibit, and delete the additional Schematic Exhibit Part 2 that was not marked as confidential upon the initial exhibit submission. Please note that the appropriate confidential payment has been made via Form 159.

Please feel free to contact me if you have any questions.

Thank you very much for your time,

Melissa A. Van Drie
