For more details about LED indicator, please refer to following:

Indicator	Function	Operation
Red indicator (LED)	Power	Power On
Green indicator (LED)	Recording	Recording
Blue indicator (LED)	Microphone	Microphone On
Red indicator (LED)	Charging	Charging
Red indicator (LED)	Low Battery	Low Battery
Red indicator (LED)	Full Charge	Full Charge

**4. Power OFF**  
**4.1. Power**  
 This button is for connecting signal.  
 Normally, please see "How to connect transmitter and receiver" on page 1.

**4.2. Antenna**  
 Please don't touch here during using, otherwise, it will effect signal.

**5. Battery compartment**  
 Accommodates two pieces of AA batteries.  
 For more details, please see "Installing batteries" on page 8.

**6. Clip**  
 For more details, please see "Installing on unattended clip" on page 9.

**How to Use**  
**1. Mount your device on the bottom of the grip in the appropriate location.**

**2. Connecting the transmitter and receiver units**  
**2.1. Mount batteries in the transmitter and receiver units**  
 • Both transmitter and receiver have batteries, receiver required two alkaline batteries.  
 • Slide and remove the transmitter's battery compartment covers.  
 • Insert two pieces of batteries.  
 • Close the battery compartment cover.  
 • Do the same way to insert 2 to 4 in receiver battery into receiver.  
 Do the same way to insert 2 to 4 in receiver battery into receiver.

**2.2. Connecting two mounted Receiver**  
 • Mount receiver to Smartphone.  
 Using TRES cable, plug the 3.5 mm connect (right) plug into the audio jack of your smartphone.  
 • Mount receiver to camera, camcorder, video recorder and other audiovisual recording devices.  
 Using TRES cable, plug the 3.5 mm connector into the audio jack of your audio device.

• Mount receiver to Camcorder  
 Using TRES TRES jack to Micro USB plug to plug into the audio jack of your device.  
 • Insert the other end of the connecting cable into the receiver.  
 "LINE OUT" plug.  
 • Insert microphone into receiver for monitoring sound if you need.  
 • Solder the power (ON/OFF) switch to ON position (the +LED indicator will light up in that).

**Caution**  
 Please do not mix up plug, for details, please refer to "wiring difference" on page 2.

**3. Connecting the Transmitter and the Receiver**  
 Before leaving factory, the connection of transmitters and receiver will be established.  
 If transmitters and receiver disconnect, please follow below steps:  
 Otherwise, this light for receiver and transmitters will flash continuously every 3 seconds, then try 2-4 steps again.  
 1. Turn on the receiver and the transmitters.  
 2. Press the button "M" and "F" for 3 seconds to receive and press "Pair" of one transmitter for 3 seconds at the same time.  
 3. When transmitter and receiver connects, the light of receiver will stop plus, the light of transmitters will flash every 2.5 seconds.  
 Repeat step 2 for the other transmitter.

**4. Install microphone**  
 1. Clip it mounted on the microphone before leaving factory.  
 2. Turn on the receiver and receiver and allow you to insert them in any order.  
 3. Adjust the direction of the microphone to your mouth for the recording.

**Specifications**

**Model: TRES**

Model	Frequency	Power	Range	Channel	Antenna	Microphone	Indicator	Accessories
TRES-1	2.4GHz	100mW	100m	12	3.5mm	3.5mm	Red	1. TRES cable
TRES-2	2.4GHz	100mW	100m	12	3.5mm	3.5mm	Green	1. TRES cable
TRES-3	2.4GHz	100mW	100m	12	3.5mm	3.5mm	Blue	1. TRES cable
TRES-4	2.4GHz	100mW	100m	12	3.5mm	3.5mm	Red	1. TRES cable
TRES-5	2.4GHz	100mW	100m	12	3.5mm	3.5mm	Green	1. TRES cable
TRES-6	2.4GHz	100mW	100m	12	3.5mm	3.5mm	Blue	1. TRES cable
TRES-7	2.4GHz	100mW	100m	12	3.5mm	3.5mm	Red	1. TRES cable
TRES-8	2.4GHz	100mW	100m	12	3.5mm	3.5mm	Green	1. TRES cable
TRES-9	2.4GHz	100mW	100m	12	3.5mm	3.5mm	Blue	1. TRES cable
TRES-10	2.4GHz	100mW	100m	12	3.5mm	3.5mm	Red	1. TRES cable
TRES-11	2.4GHz	100mW	100m	12	3.5mm	3.5mm	Green	1. TRES cable
TRES-12	2.4GHz	100mW	100m	12	3.5mm	3.5mm	Blue	1. TRES cable

**CAUTION**  
 1. Please use our original audio signal cable which is equipped it more compatible with the wireless microphone, and make the sound better.  
 2. The figure shows only the appropriate value that applies when there are no connectors between the transmitter and receiver. This distance will vary depending on the material, length and other connections and on the signal strength.  
 3. Battery life may vary depending on the type of battery used.

**IMPORTANT**  
 • If you do not intend to use the wireless microphone for a long period, please remove the batteries from both the transmitter and receiver.  
 • Do not use the transmitter and receiver together and maintain any time, even if you will return later to be recorded.  
 • Do not use the transmitter close to any electromagnetic or devices that emit a strong electro-magnetic field. Otherwise, if you cause the noise to be recorded.  
 • Do not use or leave the transmitter and receiver in hot, humid places.  
 • Do not leave the receiver attached to the camera while charging the camera.  
 • Do not wet and plug in use the transmitter and receiver.

**WARNINGS**  
 • Keep the wireless microphone away from the reach of children.  
 • Never use walking battery and never expose batteries to excessive heat or fire.

<p><b>MAINTENANCE</b></p> <ul style="list-style-type: none"> <li>Do not operate the device with wet hands or feet.</li> <li>Clean this equipment only in the way described in the instructions for use.</li> <li>Take care to prevent the equipment from dropping. Make sure that the device is properly fastened and securely supported. If the device has dropped, consult the dealer for inspection by a <b>qualified technician</b> before you switch it on again.</li> <li>Do not touch the equipment for a long period of time if you are wearing a hearing aid.</li> <li>Disconnect the electric power supply immediately by removing the batteries.</li> <li>Do not operate the device with a damaged housing; do not repair the device yourself. Have the device only repaired by a <b>qualified technician</b>.</li> <li>Always keep your device in good condition as specified in these instructions for use.</li> <li>Do not open the device.</li> </ul>	<p><b>WARNING</b></p> <p>Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.</p> <p><b>NOTE</b></p> <p>This equipment has been tested and found to comply with the limits for a Class B digital device pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference to residential installations.</p> <p>This equipment generates noise and/or radiates radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications; however, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:</p> <ul style="list-style-type: none"> <li>Reorient or relocate the receiving antenna.</li> <li>Increase the separation between the equipment and receiver.</li> <li>Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.</li> <li>Consult the dealer or an experienced radio/TV technician for help.</li> </ul>					
<p><b>WARNING</b></p> <p><b>FCC STATEMENT :</b></p> <p>This device complies with Part 15 of the FCC Rules.</p> <p>Operation is subject to the following two conditions:</p> <ol style="list-style-type: none"> <li>(1) This device may not cause harmful interference, and</li> <li>(2) This device must accept any interference received, including interference that may cause undesired operation.</li> </ol>	<p><b>RF warning statement:</b></p> <p>The device has been evaluated to meet general RF exposure requirements. The device can be used in portable exposure conditions without restriction.</p>
