RE: FCCID: N7NACRD2 Grantee: Sierra Wireless Inc.
Equipment Class: Non-broadcast transmitter
Application for Class II Permissive Change dated June 13, 2001.

Dear Sir/Madam:

The following information is submitted in support of a Class II Permissive Change to the certification of the N7NACRD2 transmitter. There are no physical or electrical changes except for a new antenna type.

To support this change, the following tests were repeated with the device integrated inside an Itronix IX250 (rugged laptop PC) and Itronix FeX21 (rugged handheld PC):

- 1) SAR test
- 2) ERP (Effective Radiated Power)
- 3) Radiated Spurious & Harmonics

The accompanying report summarizes the results of this testing.

Please advise me if we may provide any additional information for your review of this application for Class II Permissive change to the certification of the N7NACRD2 transmitter.

Sincerely,

A handwritten signature in black ink, appearing to read "Dattesh Kumar", with a stylized flourish at the end.

Dattesh Kumar
