## QUICK START GUIDE

eufy Security Video Smart Lock E330

1. Download and install the eufy Security app, then sign up for an account.

2. Follow the in-app instructions to add the Video Smart Lock E330 to your device list.

For online support, tutorial videos, FAQs, and more information, please visit <http://support.eufy.com/s/>

Scan the QR code to read the detailed user guide.

Do not use the Device in the environment at too high or too low temperature, never expose the Device under strong sunshine or too wet environment. The suitable temperature for the product is -10°C to 50°C for the interior lock( Charging mode is 0-45°C), and -30°C to 70°C for the exterior lock. When supplying, please place the device in an environment that has a normal room temperature and good ventilation. It is recommended to supply the device in an environment with a temperature that ranges from 5°C - 25°C (41°F - 77°F). The equipment is only suitable for mounting at heights ≤ 2 m. Do not use the product in any way other than described herein in order to avoid personal injury or property damage. User should comply with the laws and regulations of the corresponding countries and regions where the equipment is located (used), abide by professional ethics, pay attention to safety obligations, and strictly prohibit the use of our products or equipment for any illegal purposes. Our company will not be responsible for any violators' legal liability under any circumstances.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

IC RF Statement:

When using the product, maintain a distance of 20cm from the body to ensure

compliance with RF exposure requirements.

El equipo solo es adecuado para ser montado a alturas ≤ 2 m.

No use el producto de ningún modo diferente a lo descrito en este documento para

evitar lesiones personales y daños materiales.

El usuario debe cumplir la ley y la normativa del país y región donde esté ubicado (se

pay attention to safety obligations, and strictly prohibit the use of our products or

equipment for any illegal purposes. Nuestra empresa no se hace

responsable legal de ninguna vulneración o infracción bajo ninguna circunstancia.

This equipment generates uses and can radiate radio frequency energy and, if

not installed and used in accordance with the instructions, may cause harmful

interference to radio communications. However, there is no guarantee that

interference will not occur in a particular installation. If this equipment does cause

harmful interference to radio or television reception, which can be determined

by turning the equipment off and on, the user is encouraged to try to correct the

interference by one or more of the following measures: (1) Reorient or relocate

the receiving antenna. (2) Increase the separation between the equipment and

receiver. (3) Connect the equipment into an outlet on a circuit different from that to

which the receiver is connected. (4) Consult the dealer or an experienced radio/TV

technician for help.

FCC Radio Frequency Exposure Statement

The device has been evaluated to meet general RF exposure requirements. The

device can be used in fixed/mobile exposure condition. The min separation

distance is 20cm.

Notice: Shielded cables

All connections to other computing devices must be made using shielded cables to

maintain compliance with FCC regulations.
