Wireless communications Technology

kind of wireless technology which support communications (work normally within a range of 10m) with it you can exchange information with many IT digital devices like mobile phones, earphones / computers etc. Bluetooth effectively simplify the communications which need data transmission quickly and effectively.

Clouds	1X User Manual
Charging Case	1X Type-c Charging Cable

DC 5V
Charging Port

Power on: Open the charging compartment and take out the headset, the headset will turn on automatically / long touch the MFB 3 seconds.

Power off: Put earbuds into the charging case and close, turn off automatically or unconnected device, touch the MFB button for 5 seconds.

Earphone pairing: the left and right earbuds are paired automatically, it is unnecessary to pair.

Single Earbud Connection

1. Take out one earbud from charging case.
2. Turn on the bluetooth of mobile, search pairing name "AWEI T50 Pro", click and connect. (When the earbud and phone connect successfully, white light continuous flashing and you could also hear prompt tone "Connected".)

1. Open the charging case, earbuds will connect automatically, Master earbuds' green and white light will flash alternately and earbuds start to enter pairing status. (Now earbuds are in pairing and you could open phone or other Bluetooth devices to connect.)

2. Open phone or other Bluetooth devices, search "the Beat Snap", click it and connect. (when Bluetooth paired successfully, you will hear "connected")

3.Re-connect automatically: They will re-connect automatically to paired devices when earbuds turn on. (Premise is that devices' Bluetooth is on and earbuds paired record still exist.)

Two earbuds already be paired before delivery. So get earbuds, it is unnecessary to pair two earbuds if.

Earbuds cannot be automatically paired (i.e. two ear flash green and white lights alternately at the), put the left and right earbuds into the charging then take them out. The left and right earbuds will automatically paired without any other operation.

TWS connect successfully, "L" earphone white flashes slowly, "R" earphone green and white light flashing. Then it's available to connect with .

If pairing is not successful, please put back to charging case and repeat above instructions)

our earbuds are connected with phone and you earbuds no sound, you could turn off bluetooth on and put earbuds back to charging case. Then take again, these two earbuds will paired successfully seconds, and only white light continuously
