Declaration of professional installation

Date: November 9, 2016

FCC ID   : N6C-SXPCEAN2
Applicant: Silex Technology, Inc.

To whom it may concern:

This product is installed in the host device and then software is also set by professional. The mode setting (master or client) is also performed by the module installer professionally from the software of the host device. We provide these software with this module. The manufacturer of host device installs only the device that is confirmed compliance with the DFS. End user cannot change.

Thank you for your attention to this matter.

Sincerely,

Toshiro Kometani
