Warranty

1. You may return or exchange the product free of charge within 7 days of purchase; if the product has performance issues.
2. You may exchange the product or have it repaired free of charge within 8-15 days of purchase; if the product has performance issues,
3. You may also repair the product free of charge within 12 months of purchase if the product has performance issues.

Items Not Under Warranty

1. Unauthorized repairs, misuse, collisions, negligence, abuse, exposure of moisture or water, accidents, alterations, improper use of accessories, tearing or alteration of stickers or anti-counterfeiting marks;
2. Past the validity period of the warranty;
3. Damage caused by force majeure;
4. Damage or malfunction caused by problems other than the design, technology, manufacturing, quality of the product.

Electronic Information Products Toxic And Hazardous Substances Declaration

Part name	Toxic or harmful substances or elements				
	Lead Pb	Mercury Hg	Cadmium Cd	Hexavalent chromium Cr (VI)	Polybrominated biphenyl PBB
PCB board	○	○	○	○	○
Housing	○	○	○	○	○
Cable	○	○	○	○	○

O: Indicates that the content of this toxic and hazardous substance in all homogeneous materials of this part is below the maximum limit specified in SJ/T1163-2006 Requirements for Concentration Limits for Certain Hazardous Substances in Electronic Information Products;

X: Indicates that the toxic or hazardous substance contained in at least one of the homogeneous materials of the part exceeds the maximum limit specified in the SJ/T1163-2006 standard.

 The figures in this label indicate that the product has an environmental protection use period of 10 years under conditions of normal use, and some parts may also have an environmentally friendly use period mark. The environmental protection use period is based on the number indicated by the mark.

Smart Gateway

Product instruction manual

Product Description

It is a mini Smart Gateway that Tuya develops. It consists of a highly integrated Wi-Fi module, low power-consuming ZigBee module, and PCBA. It can be connected to the Tuya Smart app for device adding, reset, third-party control, and ZigBee group control, meeting smart home requirements

Power jack

Preparation For Use

❶

In the App Store or Google Play, search for "TuyaSmart" or scan the QR code on the package/manual to download and install the smart App.

❷

Open the Wi-Fi of your phone, click on the "+" in the upper right corner, and select "Zigbee Gateway";

❸

The gateway to be added will automatically appear, and please follow the instructions in the App.

Product Specifications

Product name	Smart Gateway
Model number	TYGWZW-01
Adapter output	5V 1A
Working current	< 1A
Working temperature	-10°C-55°C
Working humidity	10%-90% RH (no condensation)
Dimensions	60,5×60,5×16,1 mm
Wireless technology	Wi-Fi 802.11 b/g/n
	Zigbee 802.15.4
Net weight	33g

Packing List

• TYGWZW-01 x 1

• Adapter x 1

• Data cable x 1

• User Manual x 1

• Certificate of approval x 1

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2) This device must accept any interference received, including interference that may cause undesired operation.

Attention that changes or modification not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This product has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This product generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this product does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
—Reorient or relocate the receiving antenna.
—Increase the separation between the equipment and receiver.
—Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
—Consult the dealer or an experienced radio/TV technician for help.

This equipment should be installed and operated with a minimum distance 20cm between the radiator and your body
