

便携式无线K歌音箱
MI-KM104

无线标准: 5.0
传输距离: 10米
播放时间: 4-6小时
频率效应: 80Hz-15KHz
扬声器: 52mm 4Ω, 10W
输入电源: 5V=1A
最大电流消耗: 1A
电池类型: 高性能大容量锂电池
音频信号输入接口: 标准Φ3.5mm耳机插孔(立体声)

1. 无线连接
2. 记忆功能,断点续播
3. 支持U盘/TF卡/AUX播放模式
4. 内置锂离子电池
5. 多种音乐格式解码
6. 使用高保真的扬声器,发出声音更自然和细腻

音档
 按锁功能
 1. 按键+
 短按：潮乳音量+
 长按：下一曲

Note: The product warranty is 6 months.

FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
