RE: FCC ID: ATH2425171_ATCB003883
Attention: Richard McMurray / Kathy Grzovic

I have a few comments on this Application. Please note that further comments may arise in response to answers provided to the questions below.

1. Please note that the changes incorporated, while appearing only to be mechanical in nature, may still affect radiated spurious emissions etc. Please provide evidence (i.e. a test report or other engineering justification) showing that the radiated emissions of the device have not appreciably changed.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
