

Re: Certification for Visteon Transmitter
PN: YL8F-15K601-A (3-button)
Model: YL8F-15K601
PN: YU3F-15K601-H (4-button)
Model: YU3F-15K601
FCC ID: NT8-15K601-1T
CANADA: to be provided by IC

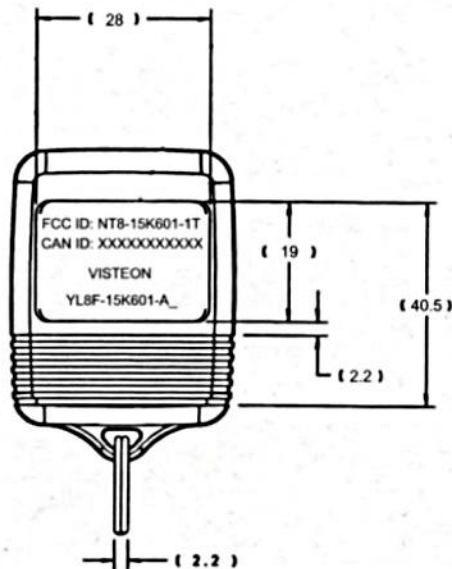

FCC/IC ID LABEL

The below shown label will be imbedded in the plastic housing of the RKE transmitter.

Full size label

Location of the label

Since the device and the label is too small to accomodate the Compliance Statement, such shall be contained in the vehicle owners manual. See Owners Manual Exhibit in this submission.

A letter authorizing variance from the official compliance statement is in Attestations.
