RE: Gemtek Technology Corporation

FCC ID: MXF-R930720G

I have a few comments on this Application. Depending on your responses, kindly understand there may be additional comments.

- 1.) The Manual seems to indicate that this device can be set to non-US channels. Please review and confirm if this product can be set to channels 12 and 13 by the end user. If there is a country code setting please be advised that access to this feature by the end user is not permitted.

William H. Graff  
President and Director of Engineering

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
