

FCC ID : AZDCM13264
IC Number : 498C-CM13264
Model : CM13264
Applicant : CANON INC.

Date: October 5, 2005

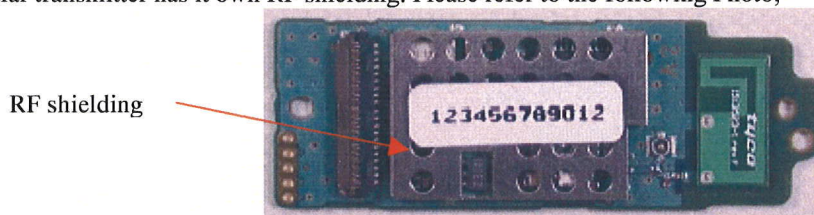

Request for Modular Approval

The Wireless LAN Module (Model: CM13264) is designed by CANON Inc.
The modular transmitter complies the module basic requirement (Item 1 to 8) in FCC Public Notice: Part 15 Unlicensed Modular Transmitter Approval (DA00-1407) as indicated below.

[Module basic requirement]

(1) Have its own RF shielding:

This modular transmitter has its own RF shielding. Please refer to the following Photo;

(2) The modular transmitter must have buffered modulation/data inputs:

Data input to this modular transmitter is controlled as not generating excessive data speed and abnormal modulation.

(3) The modular transmitter must have its own power supply regulation:

The module transmitter can regulate Power Supply by itself. (See Schematic)

(4) The modular transmitter must comply with the antenna requirements of Section 15.203 and 15.204(c):

There is no antenna connector. This antenna is soldered on the circuit board, so the user can not remove it.

(5) The modular transmitter must be tested in a stand alone: The test has been performed as a stand alone.

(6) The modular transmitter must be labeled with its own FCC ID/IC Number, and, if the FCC ID/IC Number are not visible when the module is installed inside another device, then the outside of the device into which the module is installed must also display a label referring to the enclosed module:

This modular transmitter is complied with this requirement. Please refer to the Label drawing and location. In addition, the final product will display FCC ID/IC Number of the module.

(7) The modular transmitter must comply with any specific rule or operating requirements applicable to the transmitter and the manufacturer must provide adequate instructions along with the module to explain any such requirements:

The necessary explanation to be complied with this requirement is contained in the manual.

(8) The modular transmitter must comply with any applicable RF exposure requirements: Please refer to the RF exposure statement.
