SAFETY AND CARE INSTRUCTIONS

This product contains a non-replaceable rechargeable lithium-ion battery. When discarding, follow your local/state guidelines.

- Do not use abrasive cleaning solvents to clean the unit.
- Disconnect the USB cable once the product is fully charged.
- Do not expose to heat sources or leave in a location that is likely to get excessively hot.
- Do not let the product get wet.
- Do not disassemble.
- Performance can be affected by the environment or when the product becomes discharged.
- Interruption can be caused by obstacles between the product and the Bluetooth device, by Wi-Fi or other high frequency signals, or if the product is brought out of range of the Bluetooth device.
- Charge fully before storing for a long period. Note: Lithium-ion batteries will self-discharge over time.

To ensure battery life, do not store the product in an uncharged state for a length of time. If left in a discharged state for too long a lithium-ion battery will no longer have the ability to be recharged.

FCC STATEMENT

Any changes or modifications not expressly approved by the party responsible for compliance could void this user's authority to operate the equipment. This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does not cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
 - Increase the separation between the equipment and receiver.
 - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
 - Consult the dealer or an experienced radio/TV technician for help.
- FCC Radiation Exposure Statement:
This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

ONE YEAR LIMITED WARRANTY

Xtreme warrants its products for one year against defects in manufacturing under regular consumer use with original receipt of retail purchase. We believe in our products and want to provide you with a replacement, if needed, but we have to know about the problem while the product is still under warranty. If you discover a defect covered by this warranty, please contact us about receiving a replacement. In order to use the products warranty the customer must provide proof of the retailers receipt.

*Any customers outside of the U.S. will be responsible for shipping and handling charges if a replacement is required that is not due to a manufacturing defect. If there is not a manufacturing defect, shipping and handling will be applied.

Xtreme's warranty is limited to our products only. Our warranty does not cover the replacement or repair cost of any third-party accessory, electronic device or personal property. For instructions about how to obtain warranty service for your product, please contact Customer Service: customerservice@xtremecables.com

GET TO KNOW YOUR PRODUCT

NOTE: Before first use, charge the headphones for at least 1 hour.

Charging

Connect the included charging cable to the headphones and plug it into an appropriate power source. The LED will display red, indicating charging status. When at full charge, the LED will display blue.

Operation

To power on, push the switch up to turn on the power supply of the product, and push down to the shutdown mode of the product. After the product is started, the LED light will flash red and blue alternately, indicating pairing mode.

Bluetooth Pairing

- Ensure the headphones are powered on.
- The light will flash blue and red to indicate it is in pairing mode.
- Open the Bluetooth settings on your device and search for new devices.
- Select "Xtreme XBH9-1033" from the list of available devices.
- Once paired, a confirmation tone will sound.

Aux line-in

Insert a 3.5mm audio cable into the aux port and connect the other end to your (not included) MP3/MP4 player, mobile phone, or other compatible device to play music.

TROUBLESHOOTING

If you are unable to connect your headphones to your Bluetooth device, please try the following steps:

1. Ensure your headphones are turned on and fully charged.
2. Make sure your Bluetooth setting is on.
3. Please charge the headphones and Bluetooth device.
4. Restart your Bluetooth device.

Tips

- Performance can be affected by the environment or when the headphones become discharged.
- Interruption can be caused by obstacles between the earphones and the Bluetooth device, by Wi-Fi or other high frequency signals, or if the earphones are brought out of range of the Bluetooth device (approx. 33 ft).
- To maintain healthy battery performance, charge the charging case (and earphones) periodically, if not in use.
