Dear Examiner,

This is to request a Class II Permissive change for FCC ID: MCQ-CCMP1 originally granted on 02/08/2024.

The change under this application is for the following reasons:-

We attest that the radio module remains unchanged and is electrically identical to what was certified, the only change being the new antennas added with hosts, ConnectCore CCMP13 and ConnectCore CCMP15.

We attest that the certified device will not be capable of ad-hoc mode operation outside of the grant conditions.

Sincerely,

Name: Dan Kobylarz

Title: VP, Engineering
