9. Certificate of Conformity	x1

3. Safety Guide

Please read the following safety guidelines before use. If you encounter any technical difficulties, please contact your Bigme retailer, or call the national customer service number 400-0188-938, or send an email to the official email address vip@bigme.vip for assistance.

Screen Protection

The E-ink screen is fragile and easily damaged. Do not directly hit, squeeze, press the screen, or drop it from a height onto a hard surface. If the display screen is broken, stop using it and contact the official or other qualified professionals for replacement. Do not disassemble and replace it yourself.

Qualified Accessories

Only batteries, chargers, and other accessories that meet the safety standards of this device are allowed. Please refer to the product configuration parameters. You will bear the damage caused by the use of incompatible accessories.

Keep Away from Liquids

This device is not waterproof. Do not expose the device to a humid environment, do not use the product in the rain, and keep it away from any corrosive liquids.

Do Not Disassemble

The battery of this device cannot be replaced. Do not disassemble it yourself to avoid structural or screen damage.

Operating Environment

The allowable operating temperature range of this device is 0°C–50°C.

Button Function Description

1.Power Button/Fingerprint Button:

- Press and hold the power button for 3 seconds to start the device
- Press and hold the power button for 1 second, choose "Shutdown/Restart" in the menu to shutdown/restart the device
- Press the power button and then release immediately, the device enters sleep mode
- Press the power button and then release immediately, wake up the device from sleep mode

2.Indicator Light:

- The indicator light is on, indicating that it is charging and not yet full
- The indicator light is off, indicating that it is fully charged or the Type-C USB cable is not properly inserted

3.Type-C Interface:

Connect the PC host and the device to transfer data through the Type-C data cable, or charge the device

4.TF Card Slot:

- Used for TF card expansion, supports up to 1 TB expansion

Product Specifications

Model	B751C
Size	7 inch color e-ink screen
Overall Size	136.2*155.7*7mm
Display Area Size	105.81*140.96mm
Resolution	1680*1264 B/W 840*632 COLOR
PPI	300PPI B/W 150PPI COLOR
CPU	8-core 2.3GHz
RAM/ROM	4+64GB
Handwriting	Capacitive pen
Expansion	TF card slot(TF card supports up to 1TB expansion)
Microphone	Supported
Speaker	Supported
Wireless Connection	2.4G/5G WIFI Bluetooth 2.1/3.0/4.1/5.0
Front light	36 levels (cold and warm)
Voice transcription	Free
Battery capacity	2300mAh
Operating system	Android 11 open system

5. Capacitive pen

1. Battery cap: Rotate and unscrew to replace the battery
2. Pressure calibration button: Press and hold 2 buttons at the same time for 5s. (Waiting flashlight flashes 2 times)
3. Erase button: range erase
4. Wake-up button: Press the wake-up button to write
5. Pen Nib: Writing and touch in the writing area

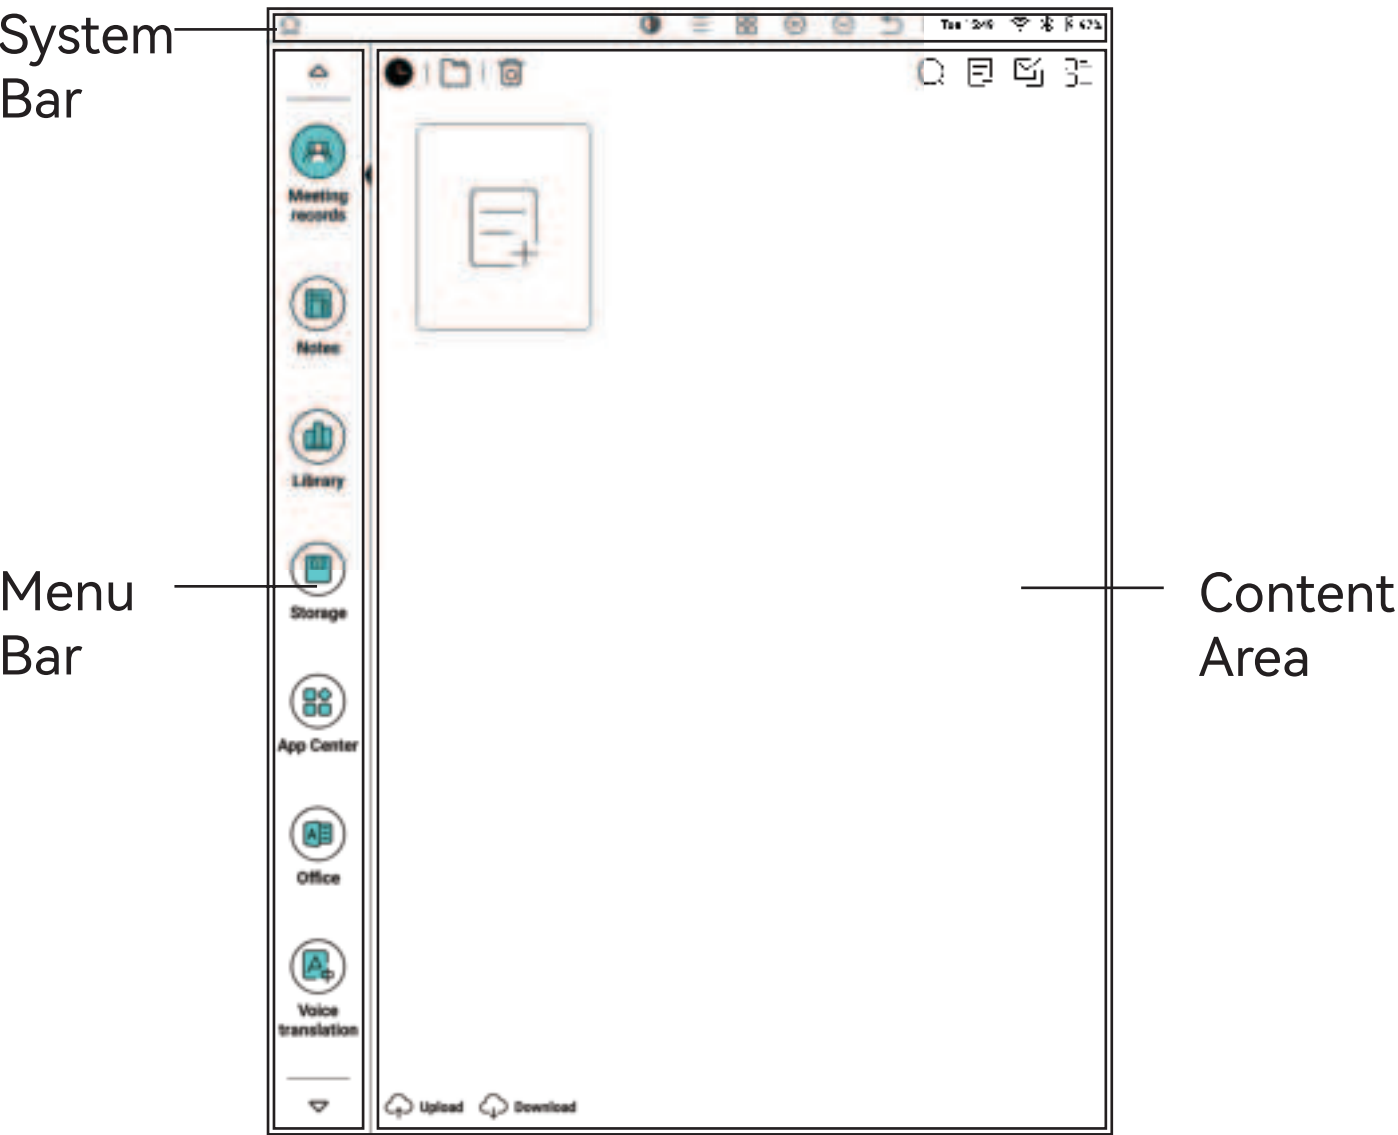

Instructions for use

Unscrew the pen cap, insert AAAA alkaline batteries, and wake up by any button on the side, the red indicator light will flash once

Power saving mode

1. If it is not used for more than 3 minutes, the pen will enter power saving mode and can be woken up by any button on the side.
2. If the pen is placed upright and not used for more than 3 minutes, the pen will enter power saving mode and can be woken up by any button on the side

Writing _____
area

The image is a screenshot of the Goodnotes application interface. At the top, there is a status bar with a pencil icon, the date and time '2023-11-28 18:08:00', and a series of icons for 'Records', 'Settings', 'Tool bar', 'Share', 'More', 'Undo', 'Redo', and a zoom control. Below the status bar, the main content area displays a note titled 'Cheer for the new era!' in a large, bold, black font. To the right of the title, there are four circular icons: a magnifying glass, a trash can, a refresh icon, and a share icon. Below the title, there is a large, empty writing area with horizontal lines. The text 'Writing area' is written in a cursive font, and below it, the phrase 'Free to write notes or create' is also written in a cursive font. At the bottom right of the writing area, there are three buttons: 'View full', 'Polish', and 'Summary'.

New Meeting Record – Basic Menu Bar

1. Save and Exit: You can save or delete meeting record notes
2. Title: You can customize the note name
3. Recording Transcription: You can record the meeting and transcribe it into text
4. Settings: Can freely switch between Chinese dialects and foreign languages; Turn on or off (multiplayer mode), multiple people can be recognized when recording and transcribing; Select professional vocabulary
5. Toolbar: Allows for the display or hiding of the floating toolbar; long press on the floating toolbar to move its position.
6. Sharing and Exporting: Allows for sharing of meeting records to others through QR code, verification code, etc. Also allows for exporting of meeting records as PDF files or TXT files.
7. More: file transcription, OCR, Encrypt, Rotation, Enable Sliding Page Turning, etc.

8. Undo: Returns to the previous operation.
9. Redo: Proceeds to the next operation.
10. Previous Page: Turns to the previous page.
11. Next Page: Turns to the next page or adds a new page.
12. Intelligent Summary: Extracts important information from the meeting content.
13. Intelligent Organization: Optimizes the content of the meeting records.

Creating New Meeting Records – Handwriting Area

1. Allows for freehand note-taking.
2. Allows for template switching.

Creating New Meeting Records – Recording Transcription Area

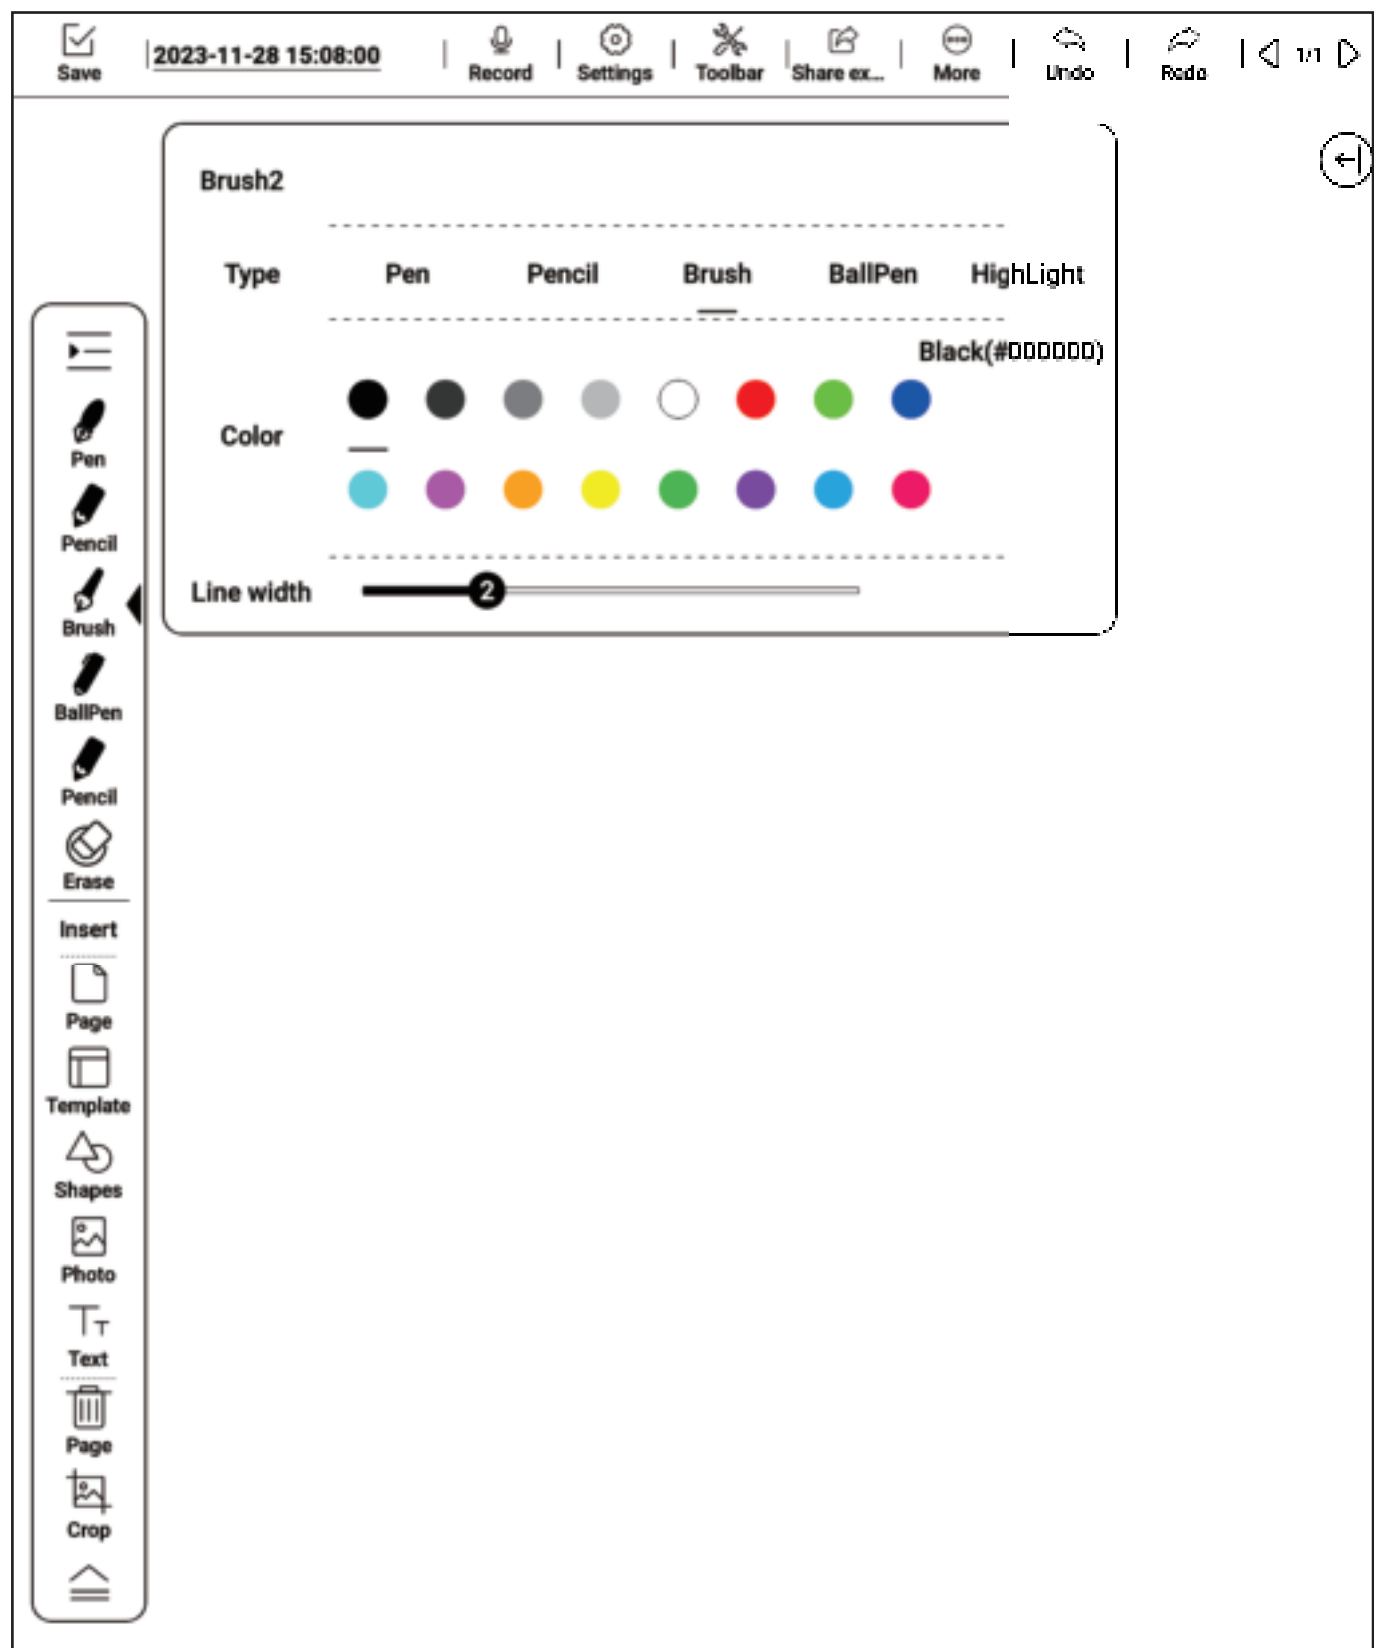

1. Allows for viewing of transcribed text content from voice recordings.
2. Allows for playback of recorded content.
3. Allows for speed adjustment during playback.
4. Allows for volume adjustment.
5. View Full Text: Allows for viewing of all transcribed content.
6. Playback Recording: Tapping on handwritten content plays corresponding voice recording; tapping on the recording playback progress bar jumps to corresponding transcribed content.
7. Transcription Content Editing: Tapping on transcribed content allows for manual modification or deletion of text.

Creating New Meeting Records – Translation

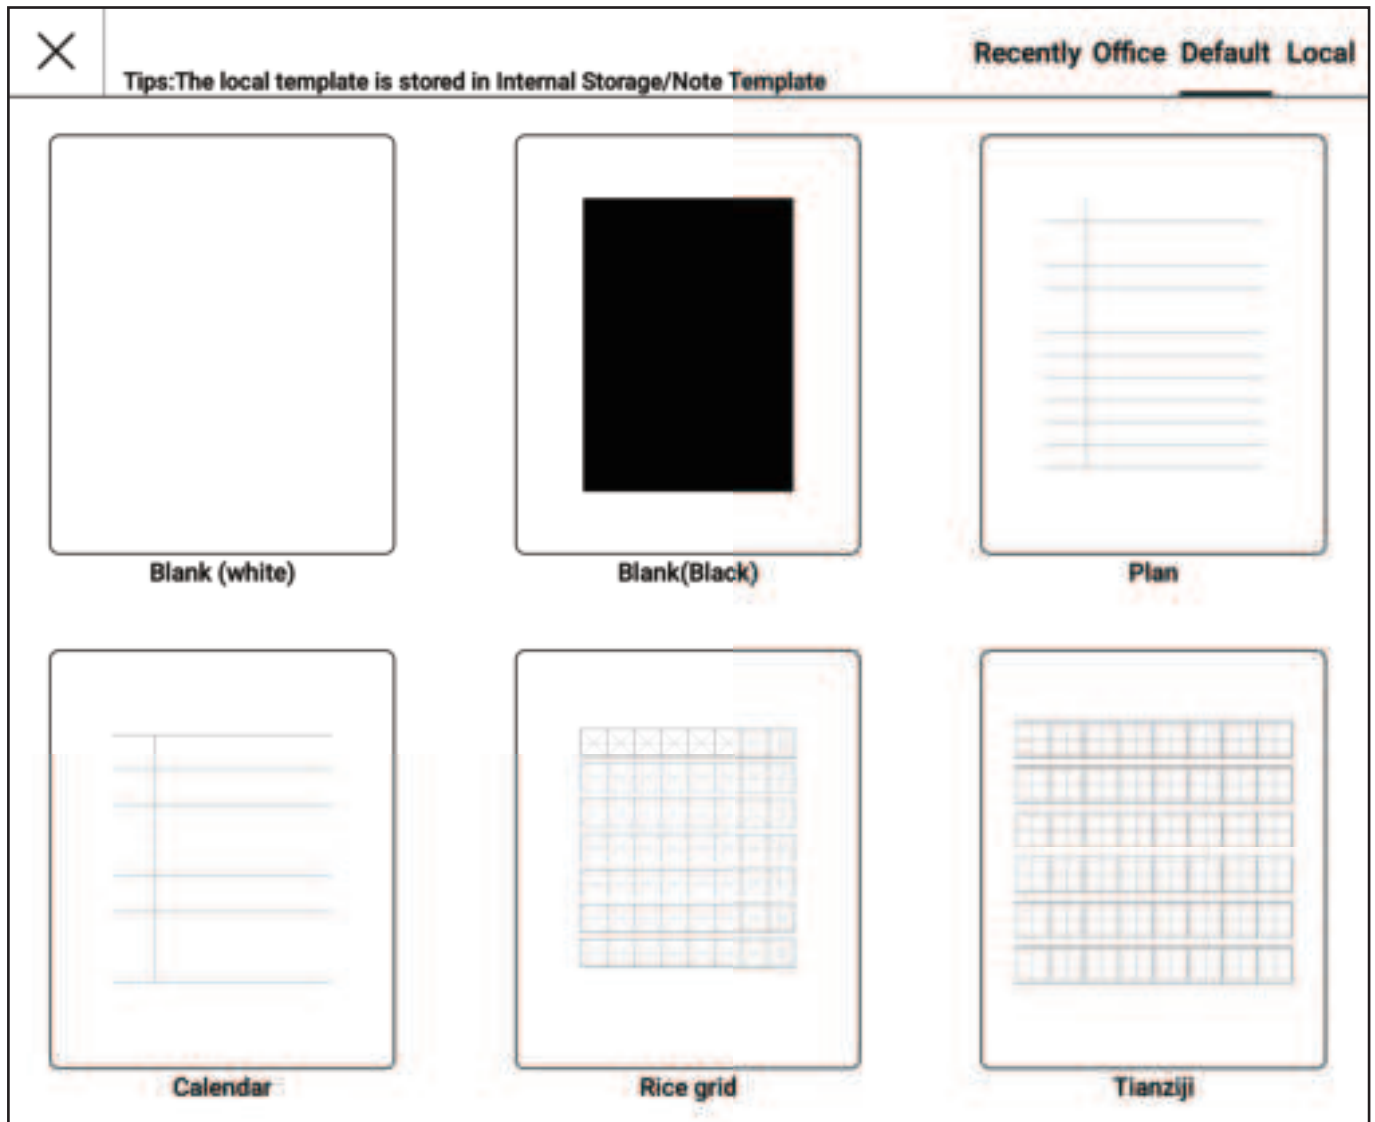

1. Click on [Recording Transcription] > [Start Translation] > [Select Language].
2. Start recording, and the system will automatically translate.
3. The translated results can be exported in the View Full Text section.

Creating New Meeting Records – Pen Type and Eraser Selection

1. Toolbar: Allows for the display or hiding of the toolbar window.
2. Clicking on the pen type in the floating window, such as [Highlighter], allows for adjustment of the color and thickness of the pen stroke.
3. Eraser: Allows for selection of erasure methods such as track erasure, range erasure, or full erasure.
4. Insert: text, pictures, pages, templates, etc. can be inserted
5. Delete this page: Delete the page that currently being edited

Creating New Meeting Records – Template Selection

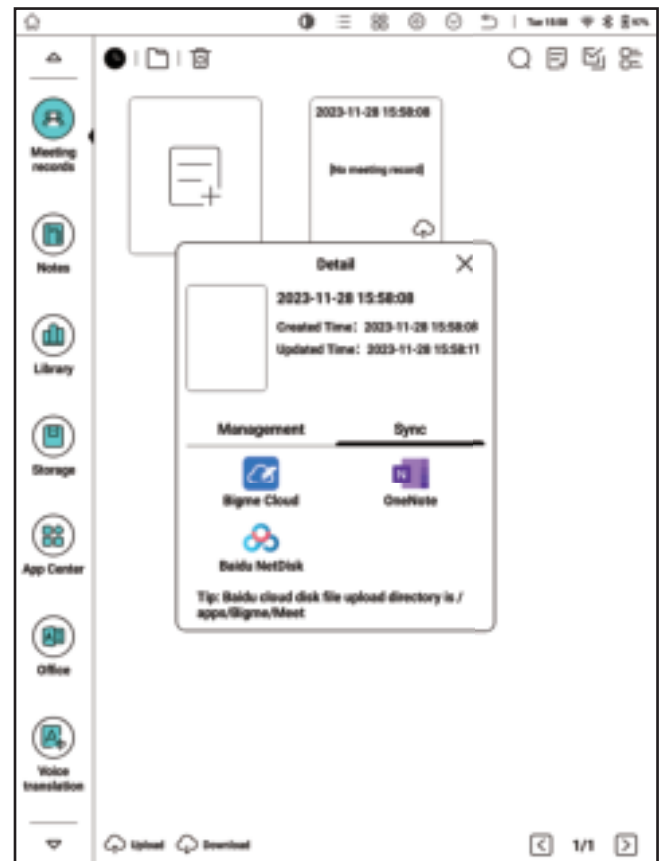

1. Allows for selection of various writing templates for office, study, life, etc. provided by the system.

 Help me write a daily work report, focusing on UI design work content

Subject: Daily Work Report - UI Design

Date: [Date]

Dear [Supervisor/Team],

I am writing to provide a detailed summary of the UI design work I have accomplished today. Please find below a breakdown of the tasks I have completed:

- User Interface Prototyping:**
 - Created wireframes and prototypes for the new product feature in collaboration with the development team.
 - Incorporated feedback from stakeholders to fine-tune the user interface designs.
 - Explored various design concepts and layouts to ensure an intuitive and visually appealing interface.
- Graphic Design:**
 - Developed high-fidelity mockups for upcoming website enhancements, including landing pages and interactive elements.
 - Collaborated with the marketing team to design engaging visual assets for social media campaigns, ensuring brand consistency.
- Interaction Design:**
 - Conducted thorough research on user behaviors and preferences to inform optimal interaction patterns.
 - Implemented interactive elements, such as buttons, menus, tooltips, and animations, for enhanced user experience.
 - Worked closely with the development team to ensure seamless implementation of interactions within the interface.
- Visual Styling:**
 - Defined a comprehensive style guide for UI components, including typography choices, color schemes, and iconography.
 - Maintained consistency across all screens by adhering to established design standards throughout various product modules.
- User Testing and Feedback Integration:**
 - Conducted usability testing sessions with a group of selected users to gather feedback on specific UI features.
 - Analyzed feedback data and implemented necessary design iterations based on user insights garnered from these sessions.
