Columbia, MD 21046

Ref: FCC ID: OMC-M14172ANTB

Dear Sirs:

Icon Health and Fitness Inc. requests acceptance of the labeling proposal described below for Heart Rate Monitor bearing FCC identifier OMC-M14172ANTB.

The subject Heart Rate Monitor as shown in figure 1, authorized under 47CFR Part 15C for Heart Rate Monitor.

Figure 1.

Because the majority of the Heart Rate Monitor housing is composed of Brand name display, operating controls and a removable battery pack, there is extremely limited space available to attach the required label carrying the FCC identifier. Attaching the label to the battery pack is not acceptable because the battery pack is a removable item. For this reason, Icon Health and Fitness Inc. proposes placing the label carrying the FCC identifier inside the battery compartment as shown in figure 2.

Figure 2.

The consumer packaging for these models includes the battery pack as a separate item, NOT installed on the radio. As such, the FCC identifier will be readily visible to the user before the battery pack is installed and whenever the battery pack is removed or

replaced. In this location, the label will also be protected from physical abuse and remain readable for the anticipated life of the device.

The consumer packaging for these models is a "gift box" which does not allow the transceiver to be seen at time of purchase. In order to meet the requirements of 47CFR Part 2.925 (d), Icon Health and Fitness Inc. will add the FCC identifier "OMC-M14172ANTB" to the outside of the consumer "gift box" packaging.

Thank you for your attention to this matter.

Yours Sincerely,

A handwritten signature in cursive script that reads "Brent Thompson".
