Attestation Letter

Date: 2018/12/07

Dear Sir or Madam:

The RF chip, model SC9832E, installed in our product: Mobile Phone;
FCC ID: 2AAA6-LS130PLUS, which supports WCDMA and LTE function. For use in the US market, this chip will support WCDMA band 2/5 and LTE band 2/4/5/7/66, not support/enable other WCDMA and LTE bands. The other WCDMA and LTE bands have been shielded by the manufacturer by using the software.

Sincerely,

Signature:

Roberto Fregoso
