Re: Request for confidentiality per section 0.459 of the Rules

To whom it may concern,

Request is hereby submitted, on behalf of my client Airgo Networks Inc. to withhold from public review, for an indefinite period of time, certain portions of the application for class 2 permissive chane for the referenced FCC identifier. In particular, the following sections of the application and report are requested to be kept confidential:

Schematics
Document "APx Class 2 FCC Amendment.doc"

Rationale for request for confidentiality:

Airgo has invested considerable time and materials in research and development to produce the referenced product. Disclosure of the confidential portions of this application to competitors would give them competitive advantage in developing similar products.

If you have questions or need further information, please contact the undersigned.

Sincerely,

THOMAS N. COKENIAS
