This product is a car-specific car bluetooth player, built-in advanced bluetooth and WMA.MP3, FLAC decoder chip, can play music files inside U disk, wirelessly transmitted to car audio, no need to modify your car can easily Make your music enjoy while driving. More important is the purity and clarity of the special sound of DSP technology. We hope to bring you unlimited enjoyment of the music.

II. Schematic Appearance

Description:

1. LED display
2. Short press : Previous song / Long press to enter mode

- switch (BT/USB/TF)
3. MIC
4. Play/pause/answer/redial/long press to start SIRI / Left and right rotation volume±/ FM mode left and right rotation frequency±
5. Short press: Next song/ long press to enter FM mode
6. USB2: QC3.0 Fast charge output
7. TF card slot
8. 2.4/5V / U disk play
9. Short press to convert colorful lights / Long press to start fluid rainbow light
10. Long press for two seconds to shut down; Short press to boot
11. Cigar connector

III. Features:

- 1: Support all types of vehicles
- 2: LED display
- 3: Support PD3.0 fast charge
- 4: Support Huawei FCP Fast Charge Protocol / Samsung AFC Fast Charge Protocol / Qualcomm QC3.0 / QC2.0 Fast Charge Protocol/ USB DCP loading 2.7V at D+ and D- / Provides up to 2.4A charge current for Iphone / Compliant with USB BC1.2 protocol, support USB DCP short D+ and D-
- 5: Support stereo FM transmission technology
- 6: Support U disk play
- 7: Support TF card music player
- 8: Support WMA, MP3, WAV, FLAC music format files
- 9: Automatic power off memory function
- 10: Bluetooth supports A2DP,AVRCP,HFP,HSP
- 11: Bluetooth V4.2

12. Bluetooth hands-free calling
13. Support DSP technology
14. Battery voltage detection
15. Support atmosphere lights / fluid rainbow light
16. Support one-button soft shutdown; Support any key to boot

VI. Operation instructions

- 4.1.1 Insert the machine into the cigarette lighter of the car. After power supply, the product will automatically enter the power-on state. LED display: HI---battery voltage---bluetooth---FM frequency.

V. Tech Specs:

Rated working voltage	12V-24V
Limit working voltage	10~26V
USB output	12W+18W

Working Temp	0~50℃
Music format support	MP3 / WMA / WAV/ FLAC
SNR	>60dB
Battery voltage display accuracy	±0.5V
USB1	U disk/2.4A/5V
USB2	QC3.0(3.6V-12V)
Bluetooth Ver	Version 4.2
Bluetooth audio processing	DSP and A2DP (Advance Audio Distribution Profile)
Bluetooth transmission distance	<10M
MIC effective distance	0.5~2M
FM Freq	88.1-107.9
FM transmission mode	Stereo digital PLL lock frequency

VI. Warm tips:

1. Do not turn the radio volume too high (usually 18 or below) to avoid the increase of the sound back noise.
2. Although the transmission power of this product is relatively strong, better to skip the Frequency with strong signal in local to get a better sound quality
3. Do not use this product in a dusty and humid environment with extremely high and low temperatures.
4. Do not drop the product to avoid surface damage or breakdown.

- Do not disassemble the product, if you have any questions, please contact your dealer.
- Due to continuous improvement and enhancement of technology, changes in product performance and functionality are subject to change without notice.

WARNING:

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
 - Increase the separation between the equipment and receiver.
 - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
 - Consult the dealer or an experienced radio/TV technician for help
- Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.
