

FCC and IC Label Location Information

FCC ID: 2AVQS-17BT02

IC: 25888-17BT02

HVIN: 240419R1

FCC and IC number of the module is engraved to bottom side of the module PCB. If the module is installed to inside of a host devices, another label is placed outside of the host device where FCC ID and IC of the module is visible. Below picture is just an example of engraving. Texture quality will be better. Picture may change when the process is improved.
