

DECLARATION OF SMA CONNECTOR AND LOCTITE

2006-05-29

DECLARATION

We, connectBlue AB, declare that the following external antennas will be connected to the Bluetooth Module cb-0902-0202 by means of a jumper cable.

- HUBER + SUHNE SPA 2400/75/8/0/V

The thread of the SMA-connector of the antenna will permanently glued to the connector of the jumper cable using LOCTITE R Product 270 glue, such that the connectors cannot be separated by the end user of the device.

LOCTITE R Product 270 is a single component anaerobic glue. The product cures when confined in the absence of air between close fitting metal surfaces.

A handwritten signature in blue ink, appearing to read 'Mats Andersson', is written over a horizontal line that has a rainbow-colored gradient.

Mats Andersson, CTO connectBlue AB
