

Class II Permissive Change Application

March 27, 2002

American Telecommunications Certification Body, Inc.
6731 Whittier Avenue
Suite C110
McLean, VA 22101

RE : Certification Application
FCC ID : AB6NT1900MFRM

Dear Sir/Madam

Please accept this application for the class II permissive change certification of the product filed under Part 2 Subpart J, for equipment operating under Part 24, Subpart E of the regulations of the Federal Communications Commission.

The product for which authorization is sought is Nortel Networks' 1900 MHz CDMA Multi-carrier Flexible Radio Module (MFRM).

The design modifications made on the MFRM are:

- Cost reduction of components within the Tx chain section.
- Replacement of the 1X, 2X, and 3X switchable Tx SAW filter to a single 3X Tx SAW.
- Elimination of the redundant three-sector interface circuitry.
- Cost reduction of components within the LO and Rx sections.

Please contact me for further information if necessary. Thank you for your attention to these matters.

Sincerely,

Thomas Wong,
Regulatory Prime
